CITY OF

# TEXARKANA

220 TEXAS BOULEVARD TEXARKANA TEXAS 75501

TEXAS

Honorable Mayor and City Council,  
City Manager and Citizens of the  
City of Texarkana, Texas

The Annual Comprehensive Financial Report (ACFR) of the City of Texarkana, Texas (City) for the fiscal year ended September 30, 2025, is submitted in accordance with State statutes. These statutes require that every general-purpose local government publish at the close of each fiscal year a complete set of audited financial statements.

The report is published to provide the City Council, City staff, our citizens, our bondholders and other interested parties with detailed information concerning the financial condition and activities of the City government. Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Forvis Mazars, LLP has issued unmodified opinions on the City's financial statements for the year ended September 30, 2025. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

## **Profile of the Government**

The City, incorporated in 1874, is located on the Texas – Arkansas state line in the northeast corner of the State of Texas. The City is 28 miles south of Oklahoma and 25 miles north of the Louisiana boundary line and it currently occupies a land area of 31.73 square miles and serves a population estimated at 35,231. The City is empowered to levy a property tax on real and personal properties located within its boundaries. It is also empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the City Council.

The City has operated under the council-manager form of government since 1960. Policy-making and legislative authority are vested in a governing council (Council) comprised of the mayor and six members, all elected on a non-partisan basis. Council members serve three-year staggered terms, with two members elected by ward every three years. The mayor is elected at large and serves a three-year term. The Council is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and hiring the City Manager, City Attorney, and Municipal Judge. The City Manager is responsible for carrying out the policies and ordinances of the Council, for overseeing the day-to-day operations of the City, and for appointing the heads of the various departments.

The City provides a full range of services, including police, fire, streets and infrastructure, traffic engineering, parks, recreation, library, community development (planning and zoning), public improvements, tourism activities, and general administrative services. Water and sewer distribution and collection activities are provided by Texarkana, Texas water department in conjunction with the Texarkana, Arkansas, water department, dba Texarkana Water Utilities (TWU). The Texas activity of TWU functions as a department of the City and, therefore, has been included as an integral part of the City's financial statements.

The financial reporting entity (government) includes all funds of the primary government (*i.e.*, the City of Texarkana as legally defined), as well as all its component units. Component units are legally separate entities for which the primary government is financially accountable. Blended component units are in substance, part of the primary government's operations, even though they are legally separate entities. The City reports the Texarkana Firemen's Relief and Retirement Fund, a fiduciary component unit, as a fiduciary fund of the City with a December 31, 2024 year-end (most recent audit). Discretely presented component units are legally separate entities and not part of the primary government's operations. The Texarkana-Bowie County Family Health Center is included in the financial statements as a discretely presented component unit. The City also participates in joint ventures with Texarkana, Arkansas to operate the Texarkana Regional Airport and the Bi-State Justice Center. Other joint ventures include the Bowie Central Appraisal District, Texarkana Metropolitan Planning Organization (MPO), and Texarkana Urban Transit District (T-Line).

## **Local Economy**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City operates.

The City and surrounding region are home to several industrial and manufacturing operations, including tire manufacturing, small arms ammunition, paper production, railroad tank car repair, cup and carton manufacturing, pipeline fittings, truck bodies, furniture, valves and couplings, military equipment repair and refurbishing, trucking, and petroleum marketing.

Texarkana serves as a regional medical center, anchored by two hospitals operated by the CHRISTUS Health System, CHRISTUS St. Michael Main Campus and CHRISTUS St. Michael Pine Street. Together, these facilities provide acute care services supported by an inpatient rehabilitation hospital along with a broad network of specialty clinics and outpatient providers serving the four-state region.

The City's strategic location with the prospect of three (3) interstate highways in the area, a favorable climate, plentiful water supplies, and a good mix of manufacturing, agriculture, government, tourism, education, medical, retail trade, and service centers should contribute to future growth and development for the foreseeable future. Current estimates indicate that approximately 80,000 vehicles use the area's interstate system.

The City's primary and secondary education needs are served by three (3) public school districts, and four (4) other public-school districts that border the City, as well as several area private schools. Five (5) institutions of higher education provide services to the City, with Texas A&M University – Texarkana and Texarkana College located on the Texas side, while the University of Arkansas for Medical Sciences Area Health Education Center, Southern Arkansas Tech, and the University of Arkansas Hope-Texarkana campuses reside on the Arkansas side.

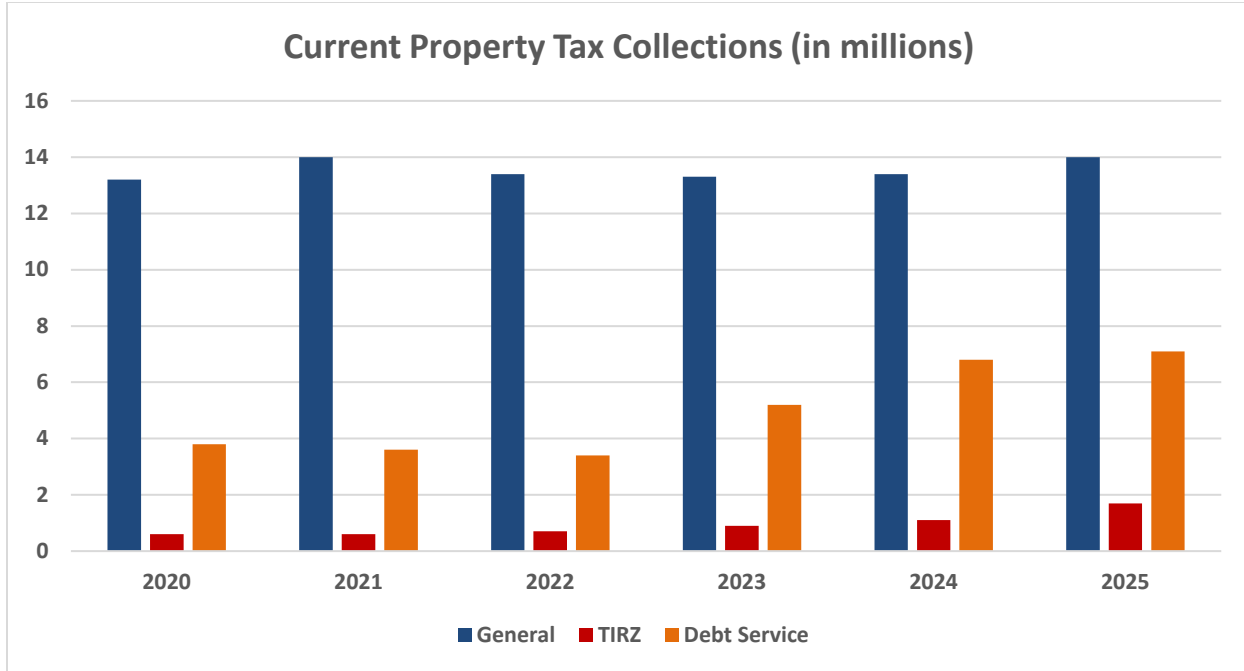

The City has a number of worthwhile attractions, including the only U.S. Post Office located in two states, which provides a unique photo opportunity at Photographer's Island, the Scott Joplin Mural, the historic Perot Theatre, the Regional Arts Center, the Texarkana Museum of Regional History, the Texarkana Symphony Orchestra, a municipal golf course designed by Jim Fazio, Jr. and managed by Hank Haney, and City parks that have hosted a number of district and state athletic tournaments. Noted attractions in the City's parks system include: Splash Pad at Spring Lake Park, Kylee Sullivan Pet Safe Dog Park at Spring Lake Park, and wilderness hiking and bike trails at Bringle Lake Park. Additionally, there are a multitude of outdoor activities available on one of many lakes and rivers in the region.

The City continues to see growth in residential and commercial construction. In fiscal year 2025, the City issued 212 building permits and 160 permits for certificates of occupancy.

Sales taxes and property taxes are responsible for a substantial portion of the City's general fund operating revenue budget. In total, current property tax revenue increased by \$1,500,153 (7.0%) due to an increase in the assessed valuation. Current property tax revenue allocated to the general fund increased by

\$560,678 (4.2%). Current property tax revenue allocated to the debt service fund increased by \$346,196 (5.1%) while current property tax revenue allocated to the TIRZ #1 and TIRZ #2 funds increased by \$593,279 (51.9%). Sales tax revenue increased by \$607,999 (2.8%).

Historical perspectives of major revenues are illustrated in the following graphs:

Unemployment in the City increased to 4.0%, which was less than the state rate of 4.1% and the national rate of 4.4%

Unassigned fund balance in the general fund at September 30, 2025, is \$16,012,224, which represents just under thirty-eight percent (38%) or 138 days of normal recurring general fund expenditures and is above the reserve goal of sixty (60) days established by the City’s General Fund Balance Policy.

## **Long-Term Financial Planning**

The City values long-term financial planning and has implemented the following processes to help control and accurately budget future expenditures:

- The budgeting process for the general fund captures five years of current and projected financial data.
- Allocating dollars in the following funds based on a long-term replacement schedule with the goal of establishing a plan to address needs as they arise, rather than incurring additional costs by delaying projects until future dates:
  - Fleet Capital Replacement Fund for city vehicles and major equipment
  - Technology Fund for computer equipment and software
  - Public Safety Equipment Fund for police and fire equipment
  - Building Maintenance Fund for city-wide building maintenance needs

## **Relevant Financial Policies**

The City's financial policies set forth the basic framework for the fiscal management of the City. These include policies for accounting, budgeting, capital improvements, asset management, revenue management, risk management, and fund balance/reserve levels. These policies were developed within the parameters established by applicable provisions of the Texas Local Government Code and the City of Texarkana, Texas City Charter. The policies are to be reviewed on an annual basis and modified to accommodate changing circumstances or conditions.

The City's accounting records for general governmental activities are maintained on a modified accrual basis, with revenues being recorded when available and measurable, and expenditures being recorded when the services or goods are received, and the liabilities are incurred. Accounting records for the City's water and sewer utility and other proprietary activities are maintained on the accrual basis.

The annual budget serves as the foundation for the City's financial planning and control. All agencies of the City are required to submit requests for appropriation to the City Manager. The City Manager provides a budget development calendar to the City Council for review and approval. After the calendar is approved, a proposed budget is prepared and adopted by the City Council by a majority vote prior to the end of the fiscal year. The City Manager may transfer unencumbered and appropriated balances between general classifications of expenditures within and/or across any office, department, or agency of the City. The City Manager may submit requests for budget amendments at any time provided the total City budget remains balanced (Unassigned Fund Balance may be designated as revenue). Amendments are also approved by a majority vote of the City Council.

## **Major Initiatives**

Most of the growth in the City continues to occur along and north of the I-30 corridor, although South of I-30 continues to develop as well. New development should continue to strengthen growth in the City's property tax base and other tax collections, which comprise approximately eighty-four percent (84%) of the City's General Fund operating revenues.

The City also has two (2) Tax Increment Reinvestment Zones (TIRZ) within its boundaries. The first operates in an area that begins on the south side of I-30 and extends north along the University Avenue Corridor to include the proposed University overlay district. The second runs from Texas Boulevard at State Line Avenue through the downtown area. Future incremental tax increases to existing properties and new properties in these districts are projected to provide funding for needed infrastructure projects within these areas without an additional tax burden to our citizens. Funding of both districts began on October 1, 2010. The first TIRZ bond was issued in 2012, with a second bond issued in 2019. Several potential infrastructure projects within the district have been approved by the TIRZ board. Future debt service payments on the bonds are expected to be funded by property tax revenues collected from new developments within the district.

A portion of gas and electric franchise fees are allocated to the City's Economic Development Fund to be used for the future economic development projects and activities and to provide incentives for potential projects that would bring jobs and revenue growth to the area. The City continues to pursue economic development projects and assistance is also provided in the form of revolving loan programs.

The City collects hotel occupancy tax revenue at a rate of seven percent. This revenue is used to fund the operation and debt service of the Texarkana Convention Center and various other organizations that enhance and promote tourism in Texarkana.

The South Regional Wastewater Treatment Plant (SRWWTP) is the main wastewater treatment facility for both sides of town. An initial ten-year plan was developed in 2018 to prioritize and schedule out needed upgrades and improvements at this facility. Both the Arkansas and Texas Utilities make annual revenue contributions to the joint SRWWTP depreciation account to provide funding for the identified expenditures. The current water treatment plant located on New Boston Road is over forty (40) years old; and the plant, along with aging intake and distribution facilities, are co-owned by the City and other municipalities. Riverbend Water Resources District, of which Texarkana is a founding statutory member, has submitted and received approval for funding from the Texas Water Development Board for planned improvements which would include construction of a new intake and new treatment facility to be owned and operated by Riverbend. With the participation of Texarkana and other area cities and water supply corporations, Riverbend has developed long-term supply contracts with its Member Entities for defeasance of bonds issued for planned improvements, including construction of a new intake and treatment plant and decommissioning of aging infrastructure, and purchase of water treated from the new treatment plant. Texas Commission on Environmental Quality approved an amendment to Texarkana's Certificate of Adjudication authorizing raw water diversion anywhere along the perimeter of Lake Wright Patman, which now enables relocating the raw water intake to a point anywhere along the lake. An engineering study has been commissioned by Riverbend to identify the existing portions of the distribution system that will be required for continued use and the portions, such as the aging intake and treatment plant, to be decommissioned. This is a matter of vital importance to all water users in the region, and any resulting decisions will only result upon Riverbend receiving necessary funding and the governing bodies of participating entities approving long-term supply contracts.

The City continues to promote neighborhood revitalization through neighborhood cleanup initiatives and the demolition of substandard properties. Demolition efforts are concentrated in specific neighborhoods with the goal of revitalizing an entire neighborhood.

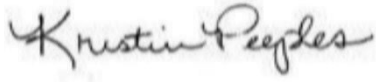

### **Awards and Acknowledgements**

**Awards.** The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its Annual Comprehensive Financial Report for the fiscal year ended September 30, 2024. This marks the 31st year that the City has achieved this prestigious award. This award represents the highest form of recognition in the area of governmental accounting and financial reporting. In addition, the City also received the Award for Outstanding Achievement in Popular Annual Financial Reporting for the same fiscal year.

The City also received the GFOA's Award for Distinguished Budget Presentation for its annual budget document for the fiscal year ended September 30, 2026, which marks the 11th consecutive year that the City has received this award. To receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

**Acknowledgments.** The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Finance Department and our independent auditors. I would like to express my appreciation to those who made the publication of this report possible. Credit must also be given to the City Manager, Mayor, and City Council for their unflinching support for maintaining the highest standards of professionalism in the management of the City of Texarkana, Texas, finances.

Respectfully submitted,

A handwritten signature in cursive script that reads "Kristin Peebles". The signature is written in black ink and is positioned below the text "Respectfully submitted,".

## Independent Auditor's Report

Members of the City Council and  
Honorable Bob Bruggeman, Mayor  
City of Texarkana, Texas

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the financial statements of the governmental activities, the business-type activities, discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Texarkana, Texas (City), as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, as listed in the table of contents.

In our opinion, based on our audit and the reports of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, discretely presented component unit, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund and CDBG 108 Loan Fund for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Texarkana Firemen's Relief and Retirement Fund, a pension trust fund of the City, which represents 58%, 60%, and 22% of the assets and deferred outflows of resources, net position, and revenues/additions, respectively, of the aggregate remaining fund information as of September 30, 2025. We also did not audit the financial statements of the Texarkana Airport Authority or Texarkana Urban Transit District, joint ventures of the City, which represent approximately 16% and 27% of the total assets and deferred outflows of resources and net position, respectively, of the governmental activities of the City as of September 30, 2025. Those statements were audited by other auditors, whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for such entities, are based solely on the reports of the other auditors.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and pension and other postemployment benefit information, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance

with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**City of Texarkana, Texas  
Management's Discussion and Analysis  
Year Ended September 30, 2025**

---

As management of the City of Texarkana, Texas (City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2025. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 1–6 of this report.

**FINANCIAL HIGHLIGHTS**

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$260,924,786 (net position). Of this amount, \$169,290,725 (65%) is invested in capital assets that do not directly generate revenue and are not available to generate liquid capital. Net position restricted for specific purposes totaled \$31,106,479 (12%). The remaining \$60,527,582 (23%) is unrestricted and may be used to meet the government's ongoing obligations to citizens and creditors in accordance with the City's fund designation and fiscal policies.
- The City's total net position increased by \$14,687,161 during this fiscal year. The change in net position from operations of governmental activities increased by \$10,104,011, while the change in net position from operations of business-type activities increased by \$4,583,150.
- Unrestricted net position, which may be used to meet the City's ongoing obligations to citizens and creditors, decreased by \$21,069,595.
- At the close of the current fiscal year, the City's governmental funds reported ending fund balances of \$75,795,069, a decrease of \$13,767,349 from last year. Of this amount \$21,732,258 or 29%, of the total fund balance is available for spending at the City's discretion (unassigned fund balance).
- Within the combined governmental fund balances, \$2,577,552 is non-spendable. Another \$39,738,974 is restricted, \$772,364 is committed, and \$10,973,921 is assigned. Total unassigned fund balance for the general fund is \$21,732,258 and is equal to 48% of general fund expenditures.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

Management's discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-Wide Financial Statements** – The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector business.

The Statement of Net Position presents information on all of the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference between the four reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the City's net position changed during the fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, public works, parks and recreation, and health and welfare. The business-type activities of the City include water and sewer operations.

**City of Texarkana, Texas  
Management's Discussion and Analysis  
Year Ended September 30, 2025**

---

The government-wide financial statements include not only the City itself (known as the primary government) but also a legally separate health center for which the City is financially accountable. Financial information for this component unit is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 22-24 of this report.

**Fund Financial Statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, government fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains forty-one (41) governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Debt Service Fund, CDBG 108 Loan Fund, 2022 Bond Fund, and 2023 Bond Fund all of which are considered to be major funds. Data from the other thirty-seven (36) funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for all required governmental funds. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental funds financial statements can be found on pages 25-28 of this report.

**Proprietary Funds.** The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water and sewer operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its employee insurance programs and fleet services. Because each of these services predominately benefits governmental rather than business-type functions, they have primarily been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Texarkana, Texas Water Utilities (TWU), which is considered to be a major fund of the City. Data from the other two (2) enterprise funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor enterprise funds is presented in the form of combining statements elsewhere in this report. The internal service funds are combined into a single aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 31-36 of this report.

**City of Texarkana, Texas  
Management's Discussion and Analysis  
Year Ended September 30, 2025**

---

**Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside of the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City of Texarkana, Texas' own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 37-38 of this report.

**Notes to the Financial Statements** – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 39-86 of this report.

**Other Information** – In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's progress in funding its obligation to provide pension and other postemployment (OPEB) benefits to its employees.

This required supplementary information regarding pension and OPEB benefits may be found on pages 87-96 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds, nonmajor enterprise funds, and internal service funds are presented following the required supplementary information on pensions.

Combining and individual statements and schedules can be found on pages 101-165 of this report.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Texarkana, Texas, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$260,924,786 as of September 30, 2025. The largest portion of the City's net position (\$169,290,725 or 65%) reflects its investment in capital assets (e.g., land, buildings, equipment, improvements, infrastructure, and construction in progress), less any debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Unrestricted	36,123,776	54,484,466	24,403,806	27,112,711	60,527,582	81,597,177
Total net position	\$ 175,341,230	\$ 165,237,219	\$ 85,583,556	\$ 81,000,406	\$ 260,924,786	\$ 246,237,625

An additional portion of the City's net position of \$31,106,479 (12%) represents resources that are subject to external restrictions on their usage. All restricted assets of the City relating to both governmental activities and business-type activities are being held for purposes established by state and local laws, future construction, and debt service reserve requirements on the City's outstanding debt. The remaining balance of unrestricted net position in the amount of \$60,527,582 (23%) may be used to meet the City's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position for the government as a whole.

**Governmental Activities**

Governmental activities increased the City's net position by \$10,104,011. Total revenue for the governmental activities (excluding transfers) decreased from the previous year by \$6,756,480. General revenues had a net increase of \$1,334,515. Tax revenues for the year increased primarily due to increased property tax revenues of \$2,214,660. While the City maintained a property tax rate consistent with the prior year, taxable property values increased by approximately ten percent (10%) compared to the prior year. Operating grants and contributions decreased by \$7,185,980 due to an increase in equity investment in joint ventures. Total expenses increased by \$4,184,053, or approximately eight percent (8%). Much of this increase is related to personnel costs, including base wage adjustments of approximately 3% to 5%, along with increased health insurance premium costs. Interest on long-term debt also increased with the issuance of new tax notes.

**Business Type Activities**

Net position from business-type activities increased by \$4,583,150. Total revenue for the business-type activities increased from the previous year by \$816,565 primarily due to an increase in demand for water, along with the adoption of a new water and sewer rate structure that provides for a percentage increase each fiscal year.

**Total Statement of Activities**

The total result of the City's activity is an increase in total net position of \$14,687,161 during the current fiscal year. Net position, before transfers, related to business-type activities increased by \$4,143,071, and net position before transfers from governmental activities increased by \$10,544,090. Additional related information may be found in the governmental activities section on pages 22-24 of this report.

**FINANCIAL ANALYSIS OF THE CITY'S FUNDS**

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds** – The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$75,795,069, a decrease of \$13,767,349 in comparison with the prior year. This change reflects modest revenue growth, including an increase of approximately \$1.1 million in property and other taxes driven by higher property valuations and consumer spending, offset by a \$400,000 decline in interest and dividend revenue due to falling

**City of Texarkana, Texas**  
**Management's Discussion and Analysis**  
**Year Ended September 30, 2025**

---

interest rates, along with reduced fee and permitting revenue following the completion of several large commercial projects. At the same time, capital outlay expenditures increased by approximately \$13.4 million, primarily attributable to two major street reconstruction projects, the completion of renovations at the Swanger and Wallace complexes, and several smaller capital improvements.

The General Fund is the chief operating fund of the City of Texarkana, Texas. At the end of the current fiscal year, the unassigned fund balance was \$21,732,258, while the total fund balance was \$32,718,733. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned and total fund balances to total fund expenditures. Unassigned fund balances represent 48% of the total General Fund expenditures, while total fund balance represents 73% of that same amount. Total revenue increased slightly when compared with the prior year with an overall change of less than one percent (1%) due mostly to an increase in tax revenue. Total expenditures increased by just under fifteen percent (15%) for a net deficiency of revenue over expenditures of (\$857,516). Much of this increase is due to increased personnel costs related to base wage adjustments of approximately 3% to 8% along with increased health insurance premium costs.

The Debt Service Fund is considered a major governmental fund of the City this year and, accordingly, is presented separately in this year's report. This fund ended the fiscal year with a fund balance of \$1,725,961. The Debt Service Fund accounts for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs of all the City's long-term general obligation debt. The fund expended \$5,695,000 in debt payments during this fiscal year, an increase of \$590,000 in normal debt service expenditures from last year.

The CDBG 108 Loan Fund is considered a major governmental fund of the City this year and, accordingly, is presented separately in this year's report. This fund ended the fiscal year with \$160,292 in fund balance at the end of the year, an increase of \$139,253 from interest revenue.

The 2022 Bond Fund is considered a major governmental fund of the City this year and, accordingly is presented separately in this year's report. This fund ended the fiscal year with \$10,015,486 in fund balance at the end of the year. Interest earnings of \$666,331 offset by capital outlay of \$7,032,988 in the current fiscal year resulted in a net decrease in fund balance of \$6,366,657 in the current year.

The 2023 Bond Fund is considered a major governmental fund of the City this year and, accordingly is presented separately in this year's report. This fund ended the fiscal year with \$5,430,680 in fund balance at the end of the year. Interest earnings of \$350,181 offset by capital outlay of \$8,111,419 in the current fiscal year resulted in a net decrease in fund balance of \$7,757,738 in the current year.

The other governmental funds of the City include special revenue funds and capital project funds. At the end of the 2025 fiscal year, the City had combined ending fund balances in its special revenue funds of \$25,435,217, an increase in fund balance of \$10,384,542 due to total revenue for special revenue funds of \$10,038,052 offset by expenditures of \$6,606,390 and net other financial sources of \$6,952,880.

At the end of fiscal year 2025, the City had a total of three (3) capital project funds included in other governmental funds, with total fund balances of \$308,703. These funds are all reserved for street maintenance projects, park improvements, and other miscellaneous capital projects.

**Enterprise funds** – The City's enterprise funds, primarily the Texarkana Water Utilities system, provide the same type of information found in the governmental-wide financial statements but in more detail.

Unrestricted net position for business type activities at the end of fiscal year 2025 was \$24,403,806, which was a decrease of \$2,708,905 from 2024.

**City of Texarkana, Texas**  
**Management's Discussion and Analysis**  
**Year Ended September 30, 2025**

---

**Internal service funds** – The City uses two (2) internal service funds. The combined net position in these funds at the end of the fiscal year was \$2,860,598, an increase from last year of \$202,107. The Employee Benefit Fund accounts for contributions received from other City funds and employees to pay medical benefits and life insurance premiums. Net position in the fund increased by \$221,567, due to premiums received and investment earnings in excess of claims paid. The Fleet Services Fund accounts for repair and maintenance on all City vehicles, excluding TWU. Net position in the fund decreased by \$19,460 due to expenditures and transfers out of \$1,221,256 in excess of revenues and transfers in of \$1,201,796.

**Fiduciary funds** – The City also maintains three (3) Fiduciary Funds. The Firemen's Relief Pension Trust Fund accounts for retirement contributions made by the City's firefighters, and contributions made on their behalf by the City. The fund's net position increased by \$1,973,940 for the calendar year of 2024 due primarily to market performance, and net position totaled \$42,297,909. The two remaining fiduciary funds are custodial funds. The Drug Enforcement Fund accounts for evidence money seized by the Police Department and holds these funds until final disposition is directed by the courts. This fund had net position of \$106,909 at the end of the fiscal year. The Police Evidence Fund accounts for all funds seized by the Police Department during its apprehension of suspects and subsequent case investigations. This fund had a net position of \$1,812 at the end of the fiscal year.

***General Fund Budgetary Highlights***

The change in projected ending fund balance between the original budget and final amended budget totaled a \$8,280,421 decrease. Revised revenues for the General Fund were projected to increase by \$760,029 due to an anticipated increase in investment earnings resulting from favorable rates along with a projected increase in revenue generated by city provided services. Revised expenditures for the General Fund were projected to increase by \$50,108 due to expenditures for capital outlay offset by other incremental departmental savings. Other financing uses were projected to increase by \$8,990,342.

The difference between the final amended budgeted fund balance and the actual fund balance was an increase of \$6,248,603. Total revenue in the General Fund was \$6,427 less than the revised budget. Of this increase, \$74,183 was attributable to favorable interest rates that resulted in additional investment income. Surplus property sales, insurance reimbursements, and other miscellaneous revenues accounted for the increase in Other Revenue of \$204,363. Expenditures for the General Fund were \$3,986,108 less than the revised budget due to one-time projects anticipated but not completed in the current fiscal year. Other financing uses were \$2,268,922 less than the revised budget.

***Capital Assets and Debt Administration***

**Capital assets** – The City's investment in total capital assets for its governmental and business-type activities as of September 30, 2025 amounts to \$222,306,699 (net of accumulated depreciation), compared to \$199,605,048 in 2023, an increase of \$22,701,651. Investment in capital assets related to governmental activities of \$152,674,823 increased by \$17,006,477, and includes land, buildings, improvements, machinery and equipment, subscription asset, licensed vehicles, infrastructure, and construction in progress. Investment in capital assets related to business-type activities ended the year at \$69,631,876, an increase of \$5,695,174, reflecting the net of additions and disposals of various capital assets and charges for depreciation expense.

Additional information on the City's capital assets can be found in Note 5 in this report on pages 54-56.

Major projects and capital asset additions during the year include the Swanger Baseball Complex, Wallace Park, Gibson Lane Extension to FM 989, construction on Kennedy Lane and Westlawn Drive, and Moores/Galleria Oaks Street Reconstruction.

**Long-Term Obligations**

At the end of the current fiscal year, the City of Texarkana, Texas had total long-term obligations outstanding of \$143,336,298. Of this amount, \$118,604,133 comprises long-term obligations backed by the full faith and credit of the City. The remainder of the City's long-term obligations is secured by specified revenue sources. At the end of fiscal year 2025, this amount was \$24,732,165.

**OUTSTANDING LONG-TERM OBLIGATIONS AT YEAR-END**

	Governmental Activities		Business-type Activities		Total	
	2025	2024	2025	2024	2025	2024
General obligation bonds	\$ 11,259,930	\$ 14,167,499	\$ -	\$ -	\$ 11,259,930	\$ 14,167,499
Revenue bonds	-	-	20,917,687	21,493,429	20,917,687	21,493,429
Certificates of obligation	49,172,592	51,697,572	-	-	49,172,592	51,697,572
Loans payable	25,000	-	3,657,637	1,769,127	3,682,637	1,769,127
Subscription liability	131,841	182,156	-	-	131,841	182,156
Accrued compensated absences	6,963,107	6,369,939	423,060	444,130	7,386,167	6,814,069
Net pension and other post employment liabilities	47,248,930	53,814,057	3,536,514	4,833,377	50,785,444	58,647,434
<b>Total</b>	<b>\$ 114,801,400</b>	<b>\$ 126,231,223</b>	<b>\$ 28,534,898</b>	<b>\$ 28,540,063</b>	<b>\$ 143,336,298</b>	<b>\$ 154,771,286</b>

The City's total debt decreased by \$11,434,988 (7%) during the current fiscal year. This decrease is primarily due to the decrease in the net pension and other post-employment liabilities at year-end.

The City's General Obligation, Certificates of Obligation, and Revenue bond ratings are listed below:

	<b>Standard &amp; Poor's</b>
General Obligation Bonds	AA-
Certificates of Obligation	AA-
Revenue Bonds	A+

**City of Texarkana, Texas  
Management's Discussion and Analysis  
Year Ended September 30, 2025**

---

State statutes limit the total property tax rate to \$2.50 per \$100 assessed valuation. The City's local property tax rate for this fiscal year was \$0.65000 per \$100 assessed valuation, of which \$0.218735 per \$100 was for annual debt service.

Additional information on the City's long-term debt can be found in Notes 10–12 on pages 60–78 of this report.

***Economic Factors and Next Year's Budgets and Rates***

The unemployment rate for the City as of the fiscal year end was 4.0, compared to 3.7 last year. This rate is slightly lower than the State rate of 4.1 and lower than the National rate of 4.4.

Sales tax collections are projected to comprise about fifty-two percent (52%) of the City's proposed General Fund budget for the 2026 fiscal year, while property tax revenue is estimated to account for approximately thirty two percent (32%). The certified tax roll of \$3,938,805,961 increased just under five percent (4.68%) from the prior year's official tax roll.

The City Council has elected to maintain a property tax rate of 0.65 per \$100 valuation for the 2026 fiscal year. The proposed budget for the 2026 fiscal year will raise more revenue from property taxes than last year's budget by an amount of \$1,805,738 which is a 9.47% increase from last year's budget. The property tax revenue to be raised from new property added to the tax roll this year is \$390,400.

The ending unassigned General Fund balance is projected to be approximately \$14,027,996 or 117 days of budgeted recurring General Fund expenditures.

The Texas Revenue Fund of TWU is projected to end the 2025-2026 budget year with a balance of \$4,078,158 or approximately 43 days of total budgeted expenditures

***Requests for Information***

This financial report is designed to provide a general overview of the City of Texarkana, Texas' finances for all of those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Texarkana, Texas, Finance Department, Attn: Chief Financial Officer, 220 Texas Boulevard, Texarkana, Texas 75501.

**September 30, 2025**

---

Total governmental fund balances	\$ 75,795,069
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.	152,674,823
Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.	1,352,249
Internal service funds are used by management to charge the costs of insurance and fleet services to individual funds. A portion of the assets and liabilities of the internal service fund is included in governmental activities in the statement of net position.	2,288,478
Long-term liabilities, including bonds payable and certificates of obligation, along with the related deferred outflows of resources and deferred inflows of resources on refundings, loans payable, compensated absences and subscription liability are not due and payable in current periods and, therefore, are not reported in the funds.	(67,341,773)
Net pension liability, total Other Postemployment Benefit (OPEB) liability, pension, and OPEB-related deferred outflows and inflows of resources are not due in the current period and, therefore, are not reported in the funds.	(38,628,382)
Equity interest in joint ventures, excluding interest in Bowie Central Appraisal District, does not provide current financial resources and, therefore, may not be reported in the funds.	<u>49,200,766</u>

**City of Texarkana, Texas**  
**Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of**  
**Governmental Funds to the Statement of Activities**  
**Year Ended September 30, 2025**

---

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances – total governmental funds	\$ (13,767,349)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the effect of \$24,042,311 in capital outlay expenditures less \$6,310,619 in depreciation expense.	17,731,692
The statement of activities reports a gain or loss of the sale of the assets based on the proceeds received and the net book value of the assets at the time of disposal. This amount is the net effect of the difference between the cost of assets disposed and the accumulated depreciation of assets disposed.	(725,215)
Some revenues in the governmental funds are deferred because they are not collected within the prescribed time period after year-end. On the accrual basis, however, those revenues would be recognized, regardless of when they were collected. This is the net amount of the revenue differences as a result of deferrals because of the availability criterion under the modified accrual basis of accounting.	(275,368)
The issuance of long-term debt (e.g., bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the net effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	
Principal paid on long-term debt	5,745,315
Amorization of premiums and discounts	237,549
Net change in deferred outflows of resources related to bond refunding	(64,771)
Loan issued	(525,000)
Compensated absences reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as an expenditure in the governmental funds.	(593,168)
Net pension and total other postemployment obligations reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	(3,329,051)
Internal service funds are used by management to charge the costs of insurance and fleet services to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities.	161,685
Increases (decreases) from the equity interest in joint ventures do not provide or use current financial resources and, therefore, may not be reported in the funds.	<u>5,507,692</u>
Change in net position of governmental activities	<u>\$ 10,104,011</u>

## **Note 1. Summary of Significant Accounting Policies**

### ***Reporting Entity***

The City of Texarkana, Texas was incorporated on April 5, 1960 under the provisions of Vernon's Civil Statutes Article 1175 (1) as amended (Home Rule Enabling Act). The City operates under a Council-Manager form of government and provides the following services as authorized by its charter: public safety (police and fire), highways and streets, sanitation, health and social services, culture-recreation, public improvements, planning and zoning, and general administrative services.

As required by generally accepted accounting principles, these financial statements present the City of Texarkana, Texas (primary government) and its component units, entities for which the government is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. TIRZ Advisory Board is a blended component unit of the City. Thus, blended component units are appropriately presented as funds of the primary government. The discretely presented component unit is reported in a separate column of the financial statements to emphasize it is legally separate from the government.

**Discretely Presented Component Unit.** The Texarkana-Bowie County Family Health Center (Health Center), a public health district as established under Texas Civil Statutes, was organized by a cooperative agreement between the City and Bowie County, Texas. Because 7 of the 12 members of the governing body serve by virtue of the position each holds with the primary government, management has concluded that the primary government effectively appoints a voting majority of the governing body. Management believes that failure to include the Health Center would render the City's financial statements incomplete or misleading. The remaining five members of the Health Center governing body are the Bowie County Commissioners Court members. The City provides the facilities, a majority of the operating funds, and fiscal management of the Health Center. The City contributed \$100,000 and \$100,000 in fiscal years 2024 and 2025, respectively, toward the Health Center's operations during the year ended September 30, 2025. The Health Center does not have separately issued financial statements.

The City's Firemen's Relief Pension Trust Fund is reported as a fiduciary component unit in the fiduciary fund statements. The other benefit plan is maintained by the Texas Municipal Retirement System (TMRS) and is properly excluded from the financial statements.

### ***Related Organizations***

The City's officials are also responsible for appointing the members of the boards of other organizations, but the City's accountability for these organizations does not extend beyond making the appointment. The City Council or specific committees of the City Council appoint members of the following organizations: Board of Adjustment, Ark-Tex Council of Governments, Building Code Revision Committee, Building and Standards Commission, Civil Service Commission, CDBG Citizens Advisory Committee, Electrical Examining Board, Health Facilities Development Corporation, Historic Landmark Preservation Commission, Hospital Authority Board of Directors, Texarkana Housing Authority, Housing Finance Corporation, Industrial Development Corporation, Intergovernmental Advisory Committee, Library Commission, Northeast Texas Mental Health/Mental Retardation (MHMR) Board of Trustees, Permit and License Appeal Board, Planning and Zoning Commission, Plumbing Appeals and Advisory Board, Public Responsibility Committee, and Tax Increment Reinvestment Zone Boards. Positions on these boards are appointed in certain instances in entirety, partially, or with City Board members.

### ***Joint Ventures***

#### ***Texarkana Airport Authority***

The City is a participant with Texarkana, Arkansas, in a joint venture to operate Texarkana Regional Airport. The Texarkana Airport Authority was created in 1956 by ordinance enacted by the two cities. The governing body of Texarkana Airport Authority consists of eight members, four of whom are residents of Texarkana, Texas, and four of whom are residents of Texarkana, Arkansas. These board members are appointed by the mayors of the

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

---

respective cities. The Airport Authority Board has governance responsibilities over all activities relating to operating and maintaining the Texarkana Regional Airport. The Airport Authority Board receives funding from airport operations and from various local, state, and federal agencies and must comply with any requirements of these funding sources.

In previous years, the cities have made contributions of assets to the Airport Authority of \$4,189,717 by Texarkana, Texas, and \$4,077,341 by Texarkana, Arkansas. During the Airport Authority's fiscal year ended December 31, 2024, the City of Texarkana, Texas contributed \$2,039,993 and the City of Texarkana, Arkansas contributed \$440,287. The City of Texarkana, Texas' net investment in the Airport Authority is reported in the City's financial statements with governmental activities capital assets. The City's equity interest in the Airport Authority was \$46,361,315 at December 31, 2024 (the latest available). Complete financial statements for the Authority can be obtained from the Texarkana Airport Authority's administrative office.

***Bi-State Justice Center***

The City is also a participant in a joint venture in the Bi-State Justice Center with the City of Texarkana, Arkansas and Bowie County, Texas. The Bi-State Justice Center is jointly occupied by law enforcement and criminal justice agencies of the City of Texarkana, Texas; City of Texarkana, Arkansas; and Bowie County, Texas. The facility is located on the state line, half in Texarkana, Texas, and half in Texarkana, Arkansas. The Intergovernmental Advisory Committee is responsible for the operations of the Center. This seven-member committee is comprised of two members from the City of Texarkana, Texas City Council, two members from the Texarkana, Arkansas Board of Directors, the Bowie County Judge, one Bowie County Commissioner, and one independent member. The Center accounts only for the operations of its own law enforcement and criminal justice agencies. The annual budget is underwritten by the participating entities based on a formula which uses floor space occupied, number of records processed by the Building Information Center, and the number of prisoners in the detention facility for each entity. Each year's revenues and expenditures are equal; therefore, there is never a net income or loss and no fund balance.

The City's net investment, which consists of capital outlay in the Bi-State Justice Center, is reported in the City's financial statements with governmental activities capital assets. The City's equity interest at September 30, 2025 was \$1,681,927 based on the Bi-State Justice Center's audited financial statements at December 31, 2024 (the latest available). Complete financial statements for the Bi-State Justice Center can be obtained from the City of Texarkana, Arkansas Finance Department.

***Texarkana Urban Transportation Study (TUTS)***

The City of Texarkana, Texas is a participant with seven other entities in the Texarkana Urban Transportation Study (TUTS) Policy Committee, which is the designated metropolitan planning organization (MPO) for the Texarkana urbanized area. The MPO develops transportation plans and programs in cooperation with the participating entities and transit agencies. The governing body of the TUTS consists of 14 members, three of whom are representatives of the City of Texarkana, Texas; three of whom are representatives of the City of Texarkana, Arkansas; the Bowie County Judge, the Miller County Judge, the Mayor of the City of Wake Village, Texas; Mayor of the City of Nash, Texas; two representatives for the Arkansas State Highways and Transportation Department; and two representatives for the Texas Department of Transportation. The TUTS may receive federal, state, and local funding for metropolitan transportation planning for the integrated network of federal, state, and local roads and highways. The City has an ongoing financial responsibility of the TUTS since its continued existence depends on continued funding by the City.

The City's net investment in the joint venture is reported in the City's financial statements in the General Fund since the joint venture does not represent equity primarily in capital assets. The City's interest at September 30, 2025 was \$0 based on the Texarkana Urban Transportation Study Policy Committee's financial records at September 30, 2025. The TUTS does not have separately issued financial statements for the year ended September 30, 2025.

***Texarkana Urban Transit District***

The City is a participant with three other cities in the Texarkana Urban Transit District (TUTD). The purpose of the TUTD will be to provide public transportation services within the Texarkana urban area. Composition of the Transit District Board is as follows: the City of Texarkana, Texas – three members, one of whom is an elected official; the City of Texarkana, Arkansas – three members, one of whom is an elected official; the City of Wake Village, Texas – two members, one of whom is an elected official; and the City of Nash, Texas – two members, one of whom is an elected official. The TUTD receives federal, state, and local funding, as well as user charges generated by the public transportation system. The City has an ongoing financial responsibility of the TUTD since its continued existence depends on continued funding by the City.

The City's net investment in the joint venture is reported in the City's financial statements within governmental activities. The City's interest at September 30, 2025 was \$1,157,524 based on the Texarkana Urban Transit District's audited financial statements at September 30, 2024 (the latest available). Complete financial statements for the TUTD can be obtained from the ATCOG Finance Department in Texarkana, Texas.

***Government-Wide and Fund Financial Statements***

The government-wide financial statements consist of the statement of net position and the statement of activities. The government-wide financial statements report information on all of the nonfiduciary activities of the primary government and its component unit. The effect of interfund activity has been removed from these statements. Governmental activities are reported separately from business-type activities. Governmental activities are normally supported by taxes and intergovernmental revenues, whereas business-type activities are normally supported by fees and charges for services. Similarly, the primary government is reported separately from legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds as well as fiduciary funds even though they are excluded from the government-wide financial statements. Major individual governmental funds and individual enterprise funds are reported as separate columns in the fund financial statements.

***Basis of Accounting***

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting as are the proprietary fund and fiduciary fund financial statements. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Government fund financial statements are reported using the current financial resources measurement focus and modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting; however, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded when payment is due.

Revenue sources such as property taxes, sales tax, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

---

the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

General Fund – This fund is the City’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Debt Service – This fund is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs of all of the City’s long-term general obligation debt of governmental funds.

CDBG 108 Loan Fund – This fund is used for the CDBG Section 108 Loan Guarantee Program which is designed to assist community and economic development projects that will benefit low/moderate income persons by providing housing in the downtown area.

2022 Bond Fund – This fund is used to account for individual projects associated with the issuance for the 2022 bonded debt.

2023 Bond Fund – This fund is used to account for individual projects associated with the issuance for the 2023 bonded debt.

The City reports the following major proprietary fund:

Texarkana, Texas Water Utilities – This fund is used to account for water and sewer services provided to the citizens of Texarkana, Texas and other incorporated and unincorporated areas adjacent to the City.

Additionally, the City reports the following types of funds:

Internal Service Funds – These funds are established to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governments, on a cost-reimbursement basis. The City has two internal service funds. The Employee Benefit fund is used to account for employee medical benefits and life insurance premiums for covered City employees. The Fleet Services fund is used to account for the repair and maintenance of all vehicles and equipment owned by the City except for the Water Utilities.

Pension Trust Fund – This fund is established to account for the accumulation of resources to provide pension benefits to the City’s firemen. The principal revenue sources for this fund are employer and employee contributions and investment earnings. This fund has a separate audit and has a December 31 year-end.

Custodial Funds – These funds are used to account for evidence money seized by the police department and held in escrow until the court directs its disposition using the economic resources focus.

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include charges to customers or applicants for goods, services, or privileges provided, operating grants and contributions, and capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. All taxes are included as general revenues.

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

---

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing goods and services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of Texarkana, Texas Water Utilities, as well as the City's internal service funds, are charges to customers for sales and services. Texarkana, Texas Water Utilities also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds and internal service funds include the cost of sales and service, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

***Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity***

***Deposits and investments***

The City's cash and cash equivalents include amounts in demand and time deposit accounts. The City classifies all certificates of deposit as investments. State statutes authorize the City to invest in obligations of the U.S. Treasury and U.S. agencies, bankers' acceptances, repurchase agreements, commercial paper rated A-1 by Standard & Poor's Corporation or P-1 by Moody's Commercial Paper Record.

The Firemen's Relief and Pension Trust Fund is authorized to invest in bonds or other interest-bearing obligations and securities of the United States, the State of Texas, or any county, city, or other political subdivision of the State of Texas; in insured shares or share accounts of savings and loan associations; in insured first lien real estate mortgage securities; and in selected corporation bonds, preferred stocks, and common stocks.

Investments for the City and its component unit are reported at fair value. Short-term investments, such as certificates of deposit and debt securities with a maturity date of less than one year, are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates.

For purposes of the statement of cash flows, the proprietary funds consider cash in bank, money market mutual funds with maturities of three months or less at the time of purchase, and savings accounts as cash and cash equivalents. All certificates of deposit and investments in other securities and instruments are considered to be investments.

***Receivables and Payables***

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the year is referred to as either due to/from other funds (*i.e.*, the current portion of interfund loans) or advances to/from other funds (*i.e.*, the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as due to/from other funds. Any residual balances outstanding between the City's governmental activities and business type activities are reported in the government-wide financial statements as internal balances.

All trade and property taxes receivables are shown net of an allowance for uncollectibles. Trade accounts receivable in excess of 60 days comprise the trade accounts receivable allowance for uncollectibles. The property tax receivable allowance is equal to 3.05% of outstanding property taxes as of September 30, 2025.

Property taxes are levied each October 1 and may be paid without penalty until January 31. A penalty is added to payments received February 1 through June 30. Optionally, taxes may be paid in two installments, one-half due November 30 and one-half due June 30. A 15% penalty is added to taxes remaining delinquent on July 1 and an enforceable lien attaches July 1. As of July 6, 1986, the Bowie Central Appraisal District assumed the billing and collection function for property taxes for the City of Texarkana and other cities and schools, and Bowie County under an intergovernmental agreement.

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

---

The Texas Constitution limits the City's ad valorem tax rate for all purposes to \$2.50 per \$100 of assessed valuation. Ad valorem tax revenue during the year ended September 30, 2025 was levied using a rate of \$0.650000 per \$100 of assessed valuation, based on 100% of estimated market value, which means that the City has a tax margin of \$1.850000 per \$100 and could raise taxes up to an additional \$69,608,589 a year from the present assessed valuation of \$3,762,626,411 before the limit is reached.

***Inventories and Prepaid Items***

Inventories of the governmental funds are valued at cost using the average cost method. Inventory consists of expendable supplies held for consumption. The cost is recorded as an expenditure at the time individual inventory items are consumed.

Inventories of the enterprise funds are valued at average cost or market, whichever is lower. Inventories consist of repair materials and spare parts for water and wastewater treatment and distribution.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

***Restricted Assets***

Certain proceeds of enterprise fund revenue bonds, as well as resources set aside for their repayment, are classified as restricted assets on the statement of net position because they are maintained in separate bank accounts and their use is limited by applicable bond covenants. Each of the enterprise funds report such proceeds of revenue bond issuances that are restricted for use in construction, debt service, and capital maintenance. Restricted assets also include interest accrued on unexpended bond proceeds.

***Subscription Assets***

Subscription assets are initially recorded at the initial measurement of the subscription liability, plus subscription payments made at or before the commencement of the subscription-based information technology arrangement (SBITA) term, less any SBITA vendor incentives received from the SBITA vendor at or before the commencement of the SBITA term, plus capitalizable initial implementation costs. Subscription assets are amortized on a straight-line basis over the shorter of the SBITA term or the useful life of the underlying IT asset.

***Capital Assets***

Capital assets which include property, plant, equipment, and infrastructure assets (roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns of the government-wide financial statements.

***Governmental Activities and Health Component Unit:***

Capital assets are defined by governmental activities and the health component unit as assets with a normal service life greater than one year and an initial individual cost of more than the following amounts:

Buildings	\$	5,000
Improvements other than buildings		5,000
Infrastructure		5,000
Machinery and equipment		5,000
Licensed vehicles		5,000

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

---

Such assets are stated at cost. Where cost could not be determined from the available records, estimated historical cost was used to record the estimated value of the assets. Donated assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value rather than fair value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Property, plant, and equipment of the primary government as well as the component unit is depreciated using the straight-line method over the following estimated useful lives:

Land improvements	20 years
Furniture and fixtures	20 years
Licensed vehicles	8 years
Machinery and equipment	5 to 30 years
Communication equipment	10 years
Building	7 to 50 years
Infrastructure	10 to 65 years

***Business-Type Activities***

Capital assets are defined by business-type activities as assets with an initial individual cost of more than the following amounts and an estimated life in excess of one year.

Furniture and fixtures	\$	5,000
Licensed vehicles		5,000
Mobile equipment		5,000
Machinery and equipment		5,000
Communication equipment		5,000
Pumps and purification equipment		5,000
Building and facilities		5,000
New improvements		5,000

Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment are depreciated using the straight-line method over the following estimated useful lives:

Land improvements	20 years
Furniture and fixtures	20 years
Licensed vehicles	8 years
Machinery and equipment	5 to 30 years
Communication equipment	10 years
Building	7 to 50 years
Infrastructure	10 to 65 years

***Compensated Absences***

The City allows employees to accumulate earned but unused vacation and sick pay benefits. The City’s full-time employees are granted 120 hours of vacation and 120 hours of sick leave per year of continuous service, with the exception of firemen who can accrue up to 180 hours vacation and 180 hours of sick leave per year. A maximum of 240 hours of accrued vacation leave can be vested and carried forward at December 31 to succeeding calendar years, with the exception of firemen who can accrue 360 hours. All accrued sick leave credited to an employee can be carried forward to succeeding calendar years without limitation. A maximum of 120 hours accrued vacation (180 for firefighters) is payable to an employee upon termination after five years of continuous service, except in cases of involuntary separation from service. Upon retirement, employees shall receive pay for any unused vacation leave accumulated up to 240 hours. Fire operations shall receive vacation pay up to 360 hours. A summary of maximum sick leave payable is as follows:

<u>Civil/Non-Civil Service</u>	<u>Hire Date</u>	<u>Eligible for Retirement</u>	<u>Work Week Hours</u>	<u>Total Maximum Hours Accrued</u>
Non-Civil	Prior to 1/1/10	Yes	N/A	1,440
Non-Civil	After 1/1/10	Yes	N/A	720
Civil – Police	Prior to 1/1/10	Yes	N/A	1,440
Civil – Police	After 1/1/10	Yes	N/A	720
Civil – Police	N/A	No	N/A	720
Civil – Fire	Prior to 1/1/10	Yes	56	2,016
Civil – Fire	After 1/1/10	Yes	56	1,080
Civil – Fire	Prior to 1/1/10	Yes	40	1,440
Civil – Fire	After 1/1/10	Yes	40	720
Civil – Fire	N/A	No	56	1,080
Civil – Fire	N/A	No	40	720

It is the city’s policy that leave earned in the current period is used before leave earned in prior periods. All leave is accrued when it is more likely than not to be used or otherwise settled in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds if they have matured. For example, as a result of employee resignation and retirements.

***Long-Term Obligations***

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

***Subscription Liability***

The City contracts for noncancelable subscriptions of information technology software. The City recognizes a subscription liability and an intangible subscription asset (subscription asset) in the government-wide financial statements. At the commencement of a subscription, the City measures the subscription liability at the present value

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

---

of payments expected to be made during the subscription term. Subsequently, the subscription liability is reduced by the principal portion of subscription payments made.

***Fund Balance***

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. Fund balances may be restricted or unrestricted (the total of committed, assigned, and unassigned fund balance). The government itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance). Fund balance for governmental funds can consist of the following:

**Non-spendable fund balance** – includes those amounts that are (a) not in spendable form or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example: inventories, prepaid amounts, and long-term notes receivable.

**Restricted fund balance** – includes amounts that are restricted for specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.

**Committed fund balance** – includes amounts that can only be used for the specific purposes determined by a formal action of the City’s highest level of decision-making authority. The City Council is the highest level of decision-making authority for the City that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

**Assigned fund balance** – includes amounts intended to be used by the City for specific purposes but do not meet the criteria to be classified as committed. The City Council has taken action to assign fund balance for specific purposes in the current fiscal year. The City Council has by resolution authorized the City Manager to assign fund balance. The City Council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year’s appropriated budget. Unlike commitments, assignments generally only exist temporarily, in other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

**Unassigned fund balance** – The general fund is the only fund that reports a positive unassigned fund balance. In other governmental funds, it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the general fund, if expenditures incurred for specific purposes exceed amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple funds balance classifications fund balance is depleted in the order of restricted, committed, assigned and unassigned.

The City’s general fund balance policy establishes an unassigned fund balance goal of 60 days of general fund expenditures, exclusive of capital outlay and debt expenditures. The City will compute the percentage of unassigned fund balance after the annual audit has been presented to the City Council. In emergency situations, the City Council may appropriate unassigned fund balance even if such use decreases the fund balance below the established minimum. If unassigned fund balance falls below the goal or has a deficiency, the City will implement a plan to replenish the fund within one year or as soon as economic and budgetary conditions allow.

***Estimates***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and deferred outflows

of resources, liabilities, and deferred inflows of resources at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### ***Encumbrances***

Encumbrance accounting is employed in the governmental fund types in the fund financial statements. Purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation. Any purchase orders open at the end of the fiscal year are closed out and new purchase orders are issued in the subsequent fiscal year, if needed.

### ***Deferred Outflows/Inflows of Resources***

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The City has three items that qualify for reporting in this category. They are the deferred pension outflows, deferred outflows from other postemployment benefits and the deferred charge on refunding reported in the statement of net position. The deferred pension outflows include the amount of contributions made by the City after the liability measurement date but prior to the City's year-end, and the difference in actual and expected experience, the difference in investment experience between actual earnings and projected earnings on pension plan investments and the assumption changes. The deferred outflows from other postemployment benefits are the change of assumptions and difference between expected and actual experience. The deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The government has three types of items that qualify for reporting in this category. Accordingly, the deferred pension inflows consists of the difference in the projected and actual earnings on pension plan investments, the difference in expected and actual experience, and the assumption changes. The deferred inflows from other postemployment benefits is the differences between the expected and actual experience and change of assumptions. The gain on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

### ***Pensions***

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the Fiduciary Net Position of the respective retirement plan and additions to/deductions from the respective Fiduciary Net Position have been determined on the same basis, as they are reported by the respective pension plan. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

### ***Postemployment Benefits Other Than Pension (OPEB)***

For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City's Health Plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms.

## Note 2. Stewardship, Compliance, and Responsibility

### ***Budgetary Information***

Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for the General fund and all special revenue funds. Debt service funds do not have legally adopted budgets because effective budgetary control is alternately achieved through general obligation bond indenture provisions. In addition to the above-mentioned funds, the capital projects funds have legally adopted project-length budgets. All budget annual appropriations lapse at year-end and are re-established in the succeeding year. Outstanding POs and corresponding budgets roll at year-end per budget ordinance.

Preparation of the budget for the upcoming fiscal year begins in April. Budget meetings with City management and department directors take place in April, May, and June. Budget estimates are finalized and presented to the Budget Advisory Committee in June/July. This committee is appointed by the City Council and is composed of seven citizens. The goal of the committee is to advise the City Council on the proposed budget. The proposed budget is presented to the City Council in July/August. Public hearings on the proposed budget and corresponding tax rate are held in August and September. The annual budget and tax rate are formally approved with a record vote by the City Council in September.

The appropriated budget is prepared by fund, function, and activity and includes information on the past year, current year estimates, and requested appropriations for the next fiscal year. The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Council. The City Council may add to, subtract from or change appropriations but may not change the form of the budget. Any changes in the budget must be within the revenues and reserves estimated as available by the City Manager, or the revenue estimates must be changed by an affirmative vote of a majority of the City Council. The City Charter prohibits budgeting total proposed expenditures in excess of total anticipated revenues and any unencumbered funds from prior years; therefore, expenditures may not legally exceed revenues and unencumbered fund balances from prior years. The legal level of budgetary control (*i.e.*, the lowest level at which expenditures may not legally exceed appropriation) is the fund level.

The Council made several supplemental budgetary appropriations throughout the year. Individual amendments were not material in relation to the original appropriations. Comparison of budgeted and actual amounts as shown in the accompanying financial report includes the General Fund and Special Revenue Funds. The capital budget ordinances which encompass the Capital Projects Funds present cumulative (by project) as opposed to annual budget amounts and thus budget and actual comparisons are not reported in the accompanying financial report for these funds.

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

---

***Encumbrances***

As discussed in the Summary of Significant Accounting Policies, encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year-end the number of encumbrances expected to be honored upon performance by the vendor in the next year were as follows:

<u>Fund</u>	<u>Amount</u>
General	\$ 1,306,407
TIRZ #1	2,689,673
CDBG	33,253
EPA Multipurpose Grant	101,411
Debt Service	6,512,766
COC Homeless Assistance Grant	233,170
Economic Development	1,280,632
Public Safety Radio	54,809
EPA RLF BIL	65,429
Assembly Line	400,000
TIRZ Bond	1,376,142
2022 Bond	1,204,537
2023 Bond	2,251,980
Fleet Services	516
Health Center	<u>3,749</u>
Total	<u>\$ 17,514,474</u>

**Note 3. Deposits and Investments**

***Deposits***

At September 30, 2025, the carrying amount of the primary government, custodial fund, and component unit's cash was \$97,822,514 and the respective bank balances totaled \$152,052,900.

***Investments***

For fiscal year 2025, the City invested in non-negotiable certificates of deposit measured at amortized cost. The City records all interest revenue related to investment activities in the respective funds. As of September 30, 2025, the carrying amount of the City's certificates of deposit reported as investments totaled \$16,763,452.

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

---

**Interest Rate Risk**

As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy limits the investment portfolio as follows:

<u>Investment Type</u>	<u>Not to Exceed</u>
U.S. government agencies	80%
Fully insured or collateralized CDs	100%
Banker's acceptances	15%
Commercial paper	15%
Maximum per commercial paper issuer	5%
Repurchase agreements	50%
Money market funds	
Operating funds	100%
Bond funds	100%
Local government investment pools	80%
Maximum percent ownership of pool	10%
Maximum percent investment in any one pool	50%

The City's investment policy covers all funds except for the Firemen's Relief and Pension fund. The City's investment policy requires that the average maturity of the City's operating funds not exceed one year. The maximum final stated maturity of any investment shall not exceed five years. Investments in all funds shall be managed in such a way that the market price losses resulting from interest rate volatility would be offset by coupon income and current income received from the volume of the portfolio during a 12-month period.

As a means of limiting its exposure to fair value losses arising from rising interest rates, the following guidelines reflect the Firemen's Relief and Pension Fund Board's asset allocation goals for the Firemen's Relief and Pension plan:

<u>Portfolio Segment</u>	<u>Range of Portfolio Assets</u>
Equity securities	40–75%
Fixed income securities	25–60%

The Firemen's Relief and Pension plan's investment policy requires that foreign equity investments cannot exceed 25% of the total portfolio and prohibits investment in any security payable in foreign currency.

In accordance with GASB Statement No. 72, *Fair Value Measurement and Application*, investments are recorded at fair value. In accordance with GASB Statement 72, the Firemen's Relief and Pension plan categorizes its fair value measurements within the fair value hierarchy. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant observable inputs other than Level 1 inputs that are observable or can be corroborated by observable market data for substantially the full term of the asset; and Level 3 inputs are significant unobservable inputs. Common stock and mutual funds are categorized as Level 1. The remaining investments are categorized as Level 2 or measured at net asset value.

The fair value is estimated on a recurring basis using forward looking prices and discounted cash flows that are observable or can be corroborated by observable market data.

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

The Firemen’s Relief and Pension Fund investments are summarized below:

<b>Cash and Cash Equivalents</b>		
Cash		\$ 16,824
Money market funds		1,247,487
<b>Investments</b>		
Equities		
Domestic		5,015,062
International		3,333,610
Fixed income		
Domestic		13,587,630
Alternative investments		17,478,564
Real estate		<u>1,575,731</u>
<b>Total Investments</b>		<u>40,990,597</u>
<b>Total Investments and Cash and Cash Equivalents</b>		<u><u>\$ 42,254,908</u></u>

The City, including the Utility and the component units, does not have any debt security investments, other than in the Firemen’s Relief and Pension Fund, which are exposed to interest rate risk.

As of December 31, 2024, the City’s Firemen’s Relief and Pension fund had the following debt security investments and maturities:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Investment Maturities (in Years)</u>			
		<u>Less Than 1</u>	<u>1–5</u>	<u>6–10</u>	<u>More Than 10</u>
<b>Fire Pension Fund</b>					
Domestic equities	\$ 5,015,062	\$ 5,015,062	\$ -	\$ -	\$ -
International equities	3,333,610	3,333,610	-	-	-
Domestic fixed income	<u>13,587,630</u>	-	<u>1,314,416</u>	<u>4,301,253</u>	<u>7,971,961</u>
	21,936,302	<u>\$ 8,348,672</u>	<u>\$ 1,314,416</u>	<u>\$ 4,301,253</u>	<u>\$ 7,971,961</u>
Alternative investments	17,478,564				
Money market funds	1,247,487				
Real estate	<u>1,575,731</u>				
	<u>\$ 42,238,084</u>				

For the year ended December 31, 2024, the annual money-weighted rate of return on Plan investments, net of Plan investment expense, was 9.48%. The money-weighted return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

The credit quality ratings of the debt security investments held by the Firemen’s Relief and Pension Fund were unavailable at December 31, 2024.

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

**Custodial Credit Risk**

For a deposit, custodial credit risk is the risk that, in the event of a failure of a depository institution, the City will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. Of the primary government, custodial fund, and the component unit's categorizable bank deposits of \$152,052,900, none were uninsured or uncollateralized.

The City's policy on custodial credit risk requires that all deposits and investments of City funds other than direct purchases of U.S. Treasuries or Agencies shall be secured by pledged collateral at a level of 102% of the fair value of principal and accrued interest on the deposits or investments less an amount insured by the FDIC or FSLIC. The City's policy also requires that collateral pledged to secure the deposits of the City be held by a safekeeping institution, or Trustee, such as the Federal Reserve Bank or an institution not affiliated with the firm pledging the collateral.

**Credit Risk**

The City is authorized to invest in obligations of the U.S. government or the State of Texas, obligations of states, counties, cities, or other political subdivisions with a quality rating of not less than A. The City is also authorized to invest in (a) certificates of deposit of banks insured by FDIC, National Credit Union Share Insurance, or secured by mortgage-backed securities rated AAA, (b) fully collateralized direct repurchased agreements with a defined termination date secured by obligations of the U.S. government, (c) investment pools, not to exceed 80% of the City's portfolio, and rated no lower than AAA or AAA-m, with a weighted-average maturity of 90 days or less, (d) money market mutual funds that have a rating of AAA and a weighted-average maturity of 90 days or less, (e) banker's acceptances with a stated maturity of 270 days or less and rated not less than A-1 or P-1 and is fully secured by an irrevocable letter of credit issued by a bank, (f) guaranteed investment contracts, for bond proceeds only, if such contracts have a defined termination date, and are secured by U.S. government obligations.

The Firemen's Plan did not hold investments in any one organization that represented 5% or more of the Plan's fiduciary net position.

The Firemen's Plan did not hold investments in foreign obligations at December 31, 2024.

**Note 4. Receivables**

Receivables as of year-end for the City's individual major funds and nonmajor funds, internal service funds, and fiduciary funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	General	Debt Service	CDBG 108 Loan	Texarkana, Texas Water Utilities	Nonmajor and Other Funds	Total
Receivables						
Property taxes	\$ 693,808	\$ 351,895	\$ -	\$ -	\$ 197,486	\$ 1,243,189
Other taxes	278,331	433,080	-	-	35,088	746,499
Accounts	217,417	-	-	4,657,441	470,201	5,345,059
Intergovernmental	4,776,006	-	-	200,829	808,264	5,785,099
Interest	11,462	-	10,358	9,278	254,916	286,014
Loans	-	-	1,429,000	-	2,577,552	4,006,552
Restricted accounts	-	-	-	-	220,065	220,065
Restricted interest	-	-	-	25,218	-	25,218
Gross receivables	5,977,024	784,975	1,439,358	4,892,766	4,563,572	17,657,695
Less: allowance for uncollectibles	(21,850)	(11,082)	-	(206,952)	(73,845)	(313,729)
Net total receivables	<u>\$ 5,955,174</u>	<u>\$ 773,893</u>	<u>\$ 1,439,358</u>	<u>\$ 4,685,814</u>	<u>\$ 4,489,727</u>	<u>\$ 17,343,966</u>

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

**Note 5. Capital and Subscription Assets**

Capital asset activity was as follows for the year ended September 30, 2025:

	<u>Balance October 1, 2024</u>	<u>Additions</u>	<u>Deletions</u>	<u>Transfers</u>	<u>Balance September 30, 2025</u>
<b>Governmental Activities</b>					
Capital assets, not being depreciated

	<u>\$ 16,323,285</u>	<u>\$ 14,826,492</u>	<u>\$ 1,496,792</u>

**Note 7. Interfund Receivables, Payables, and Transfers**

The composition of interfund balances is as follows as of September 30, 2025:

***Due to/From Other Funds***

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General	Nonmajor governmental fund	\$ 262,839
General	CDBG 108 fund	100
Nonmajor governmental fund	Debt Service	32,876
Nonmajor governmental fund	CDBG 108 fund	1,408,186
Nonmajor governmental fund	General	29,791
		<u>1,733,792</u>
Total		<u>\$ 1,733,792</u>

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made and are generally expected to be repaid within one year.

**Interfund Transfers**

	Transfers Out				Total
	General Fund	Nonmajor Governmental	Internal Service	Nonmajor Enterprise	
<b>Transfer in</b>					
General fund	\$ -	\$ 44,655	\$ 618	\$ 3,582	\$ 48,855
Debt service	-	1,279,954	-	-	1,279,954
2023 Bond	-	3,500	-	-	3,500
Nonmajor governmental funds	8,280,989	562,866	-	-	8,843,855
Texarkana, Texas Water Utilities	253,516	-	-	-	253,516
Internal service funds	951,344	-	-	-	951,344
Total transfers in	<u>\$ 9,485,849</u>	<u>\$ 1,890,975</u>	<u>\$ 618</u>	<u>\$ 3,582</u>	<u>\$ 11,381,024</u>

Transfers are used to (1) move revenues from the fund with collection authorization to another specific required fund, (2) move restricted amounts from borrowings to the debt service fund to establish mandatory reserve accounts, and (3) move unrestricted general fund revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grants, and other purposes.

**Note 8. Enterprise Funds – Contracts with City of Texarkana, Arkansas**

Under a contract dated August 5, 1948 as subsequently amended, the City supplies water to the City of Texarkana, Arkansas and disposes of sewage collected by that City. Charges to Texarkana, Arkansas for these services are computed by prorating certain expenses of the System, plus a set monthly fee. A new agreement was executed between the Cities of Texarkana, Texas and Texarkana, Arkansas on May 20, 1969. This new agreement relates to the matter of supplying treated water only and does not amend the prior agreement relating to sewer service. The terms of the new contract provide that Texarkana, Arkansas will pay the same amount per 1,000 gallons of water supplied to it as shall be computed to be the cost to Texarkana, Texas under its contractual arrangements with other area cities (See Note 9). The Texarkana, Arkansas Water Utilities made total transfers to the Texarkana, Texas Water Utilities for water purchases of \$1,285,288 for 2025.

A water system agreement entered into on December 1, 1982 and amended on October 15, 1985 with the City of Texarkana, Arkansas provides for the sale of water taken from the Millwood Reservoir and processed in the Millwood Water Treatment Facilities. The agreement further provides that the City of Texarkana, Arkansas will sell treated water to Texarkana, Texas, at the cost per 1,000 gallons of water supplied to it as shall be computed to be the cost to Texarkana, Arkansas. The Texarkana, Texas Water Utilities made total transfers to the Texarkana, Arkansas Water Utilities for water purchases of \$1,081,047 for 2025.

Additionally, when the indebtedness the City of Texarkana, Arkansas incurred in connection with the acquisition and construction of the water treatment and transmission facilities has been discharged, the City of Texarkana, Arkansas will convey to the City of Texarkana, Texas an undivided interest in the facilities used to serve Texas. Texarkana, Texas' undivided interest in the facilities shall be a pro rata portion of the total capital payments made on the system by both Texarkana, Arkansas and Texarkana, Texas. Texarkana, Texas' share is currently estimated to be approximately 63% of the total. Capital payments are defined as payments made or to be made on the principal of the bond obligation of Texarkana, Arkansas. The Texarkana, Texas Water Utilities made total transfers to the Texarkana, Arkansas Water Utilities for debt service of \$417,336 for 2025. The effective transfer of assets pursuant to this agreement has been recorded as an intersystem notes payable.

***South Regional Wastewater Facilities***

A wastewater agreement dated March 1, 1983 was entered into between the City of Texarkana, Arkansas and the City of Texarkana, Texas. The agreement is a supplement to the previous agreement and provides that the City of Texarkana, Texas will process the wastewater from the City of Texarkana, Arkansas and charge the City of Texarkana, Arkansas the same amount per 1,000 gallons as the computed cost to the City of Texarkana, Texas for wastewater treatment. The calculation of cost for retail customers billed on the City Rate Ordinance is based on the metered retail water sales of each City to the total retail water sales for both Cities. The cost for contract customers is based on metered wastewater treated in combination with the retail customers for each City to the total for both cities.

***McKinney Bayou Wastewater Facilities***

A wastewater agreement dated December 15, 1997 was entered into between the City of Texarkana, Arkansas and the City of Texarkana, Texas. The agreement relates to the operation and maintenance of a wastewater treatment facility, known as the McKinney Bayou Wastewater Facilities (the facilities), and related transmission lines located within the City of Texarkana, Arkansas to be used for the collection and treatment of a portion of the two cities' wastewater. The agreement provides that the City of Texarkana, Arkansas will process a portion of the wastewater from the City of Texarkana, Texas. The City of Texarkana, Texas will pay the City of Texarkana, Arkansas the same amount per 1,000 gallons as computed to be the cost to the City of Texarkana, Arkansas for wastewater treatment. The calculation of cost for retail customers billed is based on the metered retail water sales of each City, whose wastewater is treated in the facilities, to the total retail water sales for both Cities, whose wastewater is being treated in the facilities.

The agreement further provides that, when the indebtedness of the City of Texarkana, Arkansas incurred in connection with the acquisition and construction of the wastewater treatment facilities has been discharged, the City of Texarkana, Arkansas will convey to the City of Texarkana, Texas an undivided interest in the system facilities used to serve Texas. Texarkana, Texas' undivided interest in the facilities shall be a pro rata portion of the total payments on bond obligations made on the system by both Texarkana, Arkansas and Texarkana, Texas. During 2025, the Texas Utilities made transfers to the Arkansas Utilities for debt service for \$127,996.

**Note 9. Enterprise Funds – Water Supply Contracts Between City of Texarkana, Texas and “Member Cities”**

A water supply contract has been entered into between the City of Texarkana, Texas and seven cities in the area that is described as “Member Cities.” Texarkana, Texas has agreed to supply each of these cities with a maximum amount of treated water per year. Each Member City agrees to make minimum monthly payments to the City of Texarkana, Texas, which shall be adequate to discharge its pro rata part of debt service, maintenance and operating, and administrative expenses to Lake Texarkana Water Supply Corporation. The proceeds of these contracts with the various Member Cities are pledged by the City for the payment of the bonds issued by Lake Texarkana Water Supply Corporation.

In fiscal year 2013, the Texas Utility issued \$2.2 million in Waterworks and Sanitary Sewer System Revenue Bonds to finance the moving and replacing of a 16-inch ductile iron water line to a 24-inch water line between Malta, Texas, and DeKalb, Texas, to accommodate the widening of U.S. Highway 82 between New Boston, Texas, and DeKalb Texas, a Bowie County voter approved project. In fiscal year 2025, the Texas Utility received payments of \$26,792 from the “Member Cities” for contributions toward debt service on these bonds based on their ownership ratio in these assets, for which the related transfer is recorded as a reduction in notes payable by the Texas Utility.

**Note 10. Long-Term Obligations**

**General Obligation Bonds**

General obligation bonds are direct obligations and pledge the full faith and credit of the City. The City has dedicated 28.029% of the ad valorem taxes received for the year for the payment of principal and interest on general obligation bonds. General obligation bonds are as follows at September 30, 2025:

	<u>Rate of interest</u>	<u>Original Issue</u>	<u>Outstanding September 30, 2025</u>
<b>General Obligation Bonds</b>			
General Obligation Refunding Bonds, Series 2013 used to refund certain bonds that were issued to finance certain capital improvements of the City – due serially in varying amounts from February 15, 2014 through February 15, 2027.	2.00% - 5.00%	\$ 14,550,000	\$ 2,810,000
General Obligation Refunding Bonds, Series 2016 used to refund certain bonds that were issued to finance certain capital improvements of the City – due serially in varying amounts from February 1, 2017 through February 1, 2030.	2.00% - 3.00%	9,090,000	5,555,000
General Obligation Refunding Bonds, Series 2020B used to refund certain bonds that were issued to finance certain capital improvements of the City – due serially in varying amounts from February 1, 2021 through February 1, 2030.	1.87%	<u>4,330,000</u>	<u>2,265,000</u>
Total general obligation bonds		<u>\$ 27,970,000</u>	<u>\$ 10,630,000</u>

Annual requirements to amortize general obligation bonds outstanding are as follows at September 30, 2025:

<u>Requirements Year Ending September 30</u>	<u>General Obligation Bonds</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2026	\$ 2,860,000	\$ 254,685	\$ 3,114,685
2027	2,960,000	171,489	3,131,489

2031-2035	3,820,000	3,591,063	7,411,063
2036-2040	4,300,000	2,622,063	6,922,063
2041-2045	5,335,000	1,582,188	6,917,188
2046-2048	3,810,000	347,850	4,157,850
<b>Total</b>	<b>\$ 20,535,000</b>	<b>\$ 12,614,932</b>	<b>\$ 33,149,932</b>

The Utility has pledged future water customer revenues, net of specified operating expenses, to repay the remaining balance in water system revenue bonds issued in 2013 and 2023. Proceeds from the bonds provided financing for the water and wastewater facility improvements and updates. The bonds are payable solely from water customer net revenues and are payable through 2048. Annual principal and interest payments on the bonds are expected to require approximately 2% of net revenues.

***Subscription Liability***

The City has subscription IT arrangements to conduct its operations, the terms of which expire 2026 through 2028. The measurement of the subscription liabilities is based on the present value of the subscription payments expected to be paid during the subscription term, such as fixed payments, variable payments that depend on an index or rate, variable payments that are fixed in substance, residual value guarantee payments that are fixed in substance, and any subscription incentives payable.

An initial subscription liability was recorded in the amount of \$288,179. As of September 30, 2025, the value of the subscription liabilities was \$131,841. An incremental borrowing rate of 4.03% was used to measure subscription liabilities. The value of the right-to-use subscription assets as of September 30, 2025 was \$288,179 and had accumulated amortization of \$153,981.

The future principal and interest payments for subscription liabilities are as follows as of September 30, 2025:

<b>Fiscal Year Ending September 30,</b>	<b>Principal</b>	<b>Interest</b>	<b>Total</b>
2026	\$ 52,343	\$ 5,313	\$ 57,656
2027	54,452	3,204	57,656
2028	25,046	1,009	26,055
	<b>\$ 131,841</b>	<b>\$ 9,526</b>	<b>\$ 141,367</b>

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

**Changes in Long-term Liabilities**

The following is a summary of changes in long-term liabilities for the year ended September 30, 2025:

	Balance October 1, 2024	Additions	Retirements/ Deductions	Balance September 30, 2025	Long-Term Balance	Due Within One Year
<b>Governmental Activities</b>

\*Increases and decreases in accrued compensated absences liabilities are presented as net amounts above.

The General Fund is the governmental fund that is primarily responsible for liquidating the accrued compensated absences liability and net pension and total other postemployment liabilities for the governmental activities.

**Note 11. Risk Management**

The City's workers' compensation insurance coverage is obtained through the Texas Municipal League Intergovernmental Risk Pool (TML Pool). The TML Pool was established by the various political subdivisions in Texas to provide self-insurance for its members and to obtain lower costs for insurance. Losses under a stated amount for workers' compensation that are incurred by TML members are paid with TML Pool funds. Claims in excess of this limit are paid under terms of insurance policies obtained by the TML Pool. TML Pool members pay annual contributions to obtain the insurance. Annual contribution rates are determined by the TML Pool Board or by the State Board of Insurance of Texas. Such rates are estimated to include all claims expected to occur during the policy period, including claims incurred but not reported. The TML has established claims reserves for each of the types of insurance offered. Thus, although the TML Pool is a self-insured risk pool, members are not contingently liable for claims filed above the amount of the fixed annual contributions. If losses incurred are significantly higher than actuarially estimated, the TML Pool adjusts the contributed rate for subsequent years. Members are also

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

entitled to returns of contributions if actual results are more favorable than estimated. For the year ended September 30, 2025, the City contributed \$500,911 for workers' compensation coverage.

The City has outside property insurance coverage totaling \$100,044,794 for major structures, primarily those used by the public and those located in a cluster to provide protection from catastrophic losses, as well as \$19,163,826 of contents coverage.

The City maintains liability insurance coverage of \$3,698,364 for all its vehicles and equipment. It has vehicle damage coverage on the most expensive vehicles and equipment including fire engines and large trucks.

Settled claims have not exceeded coverage in any of the three preceding years.

**Note 12. Employee Retirement Systems**

The City has elected to participate in the following retirement plans for its employees: A) Texas Municipal Retirement System and B) Texarkana Firemen's Relief and Retirement Fund.

***Total All Employee Retirement Systems***

<u>Plan</u>	<u>Net Pension Liability</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>	<u>Pension Expenses/ Expenditures (Income)</u>

***Texas Municipal Retirement System (TMRS)***

The City participates in three retirement plans in the Texas Municipal Retirement System (TMRS), which covers all eligible full-time employees, excluding firefighters: Plan #1 covers Police Officers, Plan #2 covers Other City employees and Plan #3 covers Texarkana Water Utilities employees.

***Plan Description***

The City participates as one of over 900 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS ACT, Subtitle G, Title 8, Texas Government Code (TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of TMRS with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS' defined benefit pension plan is a tax-qualified plan under Section 401(a) of the Internal Revenue Code. TMRS issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at [www.tmr.com](http://www.tmr.com).

All eligible employees of the City, excluding firefighters, are required to participate in TMRS.

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

**Benefits Provided**

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the City-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payment options. Members may also choose to receive a portion of their benefit as a partial lump-sum distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

Plan provisions for the City were as follows:

	<u>Plan No. 1</u>	<u>Plan No. 2</u>	<u>Plan No. 3</u>
Employee deposit rate	7%	7%	7%
City current matching ratio	2-1	2-1	2-1
Updated Service Credit			
Rate	100T	100T	100T
Year effective	1998R	1992R	1992R
COLA increase	70%	70%	70%
COLA increase year effective	1998R	1992R	1992R
Military service credit effective date	Oct. 1988	Oct. 1988	Oct. 1988
Vesting	5 years	5 years	5 years
Service retirement eligibilities	5 yrs/age 60, 20 yrs/any age	5 yrs/age 60, 20 yrs/any age	5 yrs/age 60, 20 yrs/any age
Restricted prior service credit effective date	June 1995	June 1995	June 1995

At the December 31, 2024 valuation and measurement date, the following employees were covered by the benefit terms:

	<u>Plan No. 1</u>	<u>Plan No. 2</u>	<u>Plan No. 3</u>
Inactive employees or beneficiaries currently receiving benefits	95	236	137
Inactive employees entitled to but not yet receiving benefits	37	134	91
Active employees	<u>81</u>	<u>200</u>	<u>181</u>
Total	<u><u>213</u></u>	<u><u>570</u></u>	<u><u>409</u></u>

**Contributions**

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the City matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the City. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

---

Employees for the City of Texarkana, Texas were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rates for the City of Texarkana, Texas were as follows in calendar years 2024 and 2025.

	<u>Plan No. 1</u>	<u>Plan No. 2</u>	<u>Plan No. 3</u>
City Contribution Rate			
Calendar year 2024	16.20%	16.44%	16.97%
Calendar year 2025	17.11%	16.85%	16.51%

The City’s contributions to TMRS for the year ended September 30, 2025 were \$1,080,417, \$1,515,105, and \$989,034 for Plan No. 1, Plan No. 2, and Plan No. 3, respectively, and were equal to the required contributions.

***Net Pension Liability***

The City’s net pension liability (NPL) was measured as of December 31, 2024, and the total pension liability (TPL) used to calculate the NPL was determined by an actuarial valuation as of that date.

**Actuarial Assumptions**

The TPL in the December 31, 2024 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.50%
Overall payroll growth	2.55% for Plan 1, 2.15% for Plan 2, 2.75% for Plan 3
Investment Rate of Return	6.75%

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the gender-distinct 2019 Municipal Retirees of Texas mortality tables. Male rates are multiplied by 103% ,and female rates are multiplied by 105%. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence) to account for future mortality improvements. Based on the size of the city, rates are multiplied by an additional factor of 100.0%. For calculating the actuarial liability and the retirement contribution rates, the mortality tables for healthy retirees are used with a four-year set-forward for males and a three-year set-forward for females. In addition, a 3.5% and 3% minimum mortality rate will be applied to reflect the impairment for younger members who become disabled for males and females, respectively. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence) to account for future mortality improvements subject to the 3.5% and 3% floor.

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS as of December 31, 2022. They were adopted in 2023 and first used in the December 31, 2023 actuarial valuation. The postretirement mortality assumption for healthy annuitants and Annuity Purchase Rate (APR) are based on the Mortality Experience Investigation Study dated December 31, 2019. In conjunction with these changes first used in the December 31, 2019 valuation, the System adopted the Entry Age Normal actuarial cost method and a one-time change to the amortization policy. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. In determining their best estimate of a recommended investment return assumption under the various alternative asset allocation portfolios, Gabriel, Roeder, Smith & Company (GRS) focused on the area between (1) arithmetic mean (aggressive) without an adjustment for time

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

(conservative) and (2) the geometric mean (conservative) with an adjustment for time (aggressive). At its meeting on July 30, 2015, the TMRS Board approved a new portfolio target allocation. The target allocation and best estimates of real rates of return for each major asset class in fiscal year 2025 are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Real Rate of Return (Arithmetic)</b>
Global equity	35.00%	7.10%
Core fixed income	6.00%	5.00%
Non-core fixed income	6.00%	6.80%
Hedge funds	5.00%	6.40%
Private equity	13.00%	8.50%
Private debt	13.00%	8.20%
Real estate	12.00%	6.70%
Infrastructure	6.00%	6.00%
Other private markets	4.00%	7.30%
Total	<u>100.00%</u>	

**Discount Rate**

The discount rate used to measure the TPL was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL.

***Pension Plan Fiduciary Net Position***

Detailed information about the pension plan's fiduciary net position is available in a separately issued TMRS financial report. That report may be obtained on the Internet at [www.tmr.com](http://www.tmr.com).

***Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

For the year ended September 30, 2025, the City recognized pension expense of \$1,401,949, \$1,151,563, and \$927,837 in Plan No. 1, Plan No. 2, and Plan No. 3, respectively.

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

The City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources at September 30, 2025:

**SCHEDULE OF OUTFLOWS AND INFLOWS**  
**PLAN NO. 1**

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Net difference between projected and actual earnings on pension plan investments	\$ -	\$ 525,939
Differences between expected and actual experience	1,074,576	189,899
Contributions made after December 31, 2024 but before September 30, 2025	<u>969,811</u>	<u>-</u>
Total	<u><u>\$ 2,044,387</u></u>	<u><u>\$ 715,838</u></u>

**SCHEDULE OF OUTFLOWS AND INFLOWS**  
**PLAN NO. 2**

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Net difference between projected and actual earnings on pension plan investments	\$ -	\$ 533,517

<b>Total</b>	<b>\$ 358,738</b>	<b>\$ (706,733)</b>	<b>\$ (352,325)</b>

***Texarkana Firemen's Relief and Retirement Fund (FRRF)***

***General Information about the Retirement Plan***

*Plan Description*

The City contributes to the retirement plan for firefighters in the Texarkana Fire Department known as the Texarkana Firemen's Relief and Retirement Fund (Plan). The Plan is a single employer, contributory, defined benefit plan. The benefit provisions of the Plan are authorized by the *Texas Local Fire Fighters' Retirement Act of 1937 (Act)*. The purpose of the Plan is to provide for the receipt, control, handling, management, and dispersing of assets accumulated in the Plan, which has been established for the purpose of providing certain benefits upon retirement for participants/employees under the provisions of the Plan.

The Plan is administered by a seven-member Board of Trustees. The City does not have access to, nor can it utilize assets within, the retirement plan trust. The Plan issues a stand-alone report pursuant to GASB Statement No. 67, which may be obtained in writing from the Texarkana Firemen's Relief and Retirement Fund at P.O. Box 6083, Longview, TX 75608. See that report for all information about the Plan fiduciary net position.

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

---

*Benefits Provided*

The Plan provides service retirement, death, disability, and termination benefits. The benefits fully vest after 20 years of credited service. Members may retire at attainment of age 50 and completion of 20 years of service. The Plan provides a monthly normal service retirement benefit, payable in a joint and two-thirds to surviving spouse form of annuity equal to 3.09% of the member's highest 36-month average salary, multiplied by years of credited service as of date of termination. The Plan provides an optional form of retirement benefit, payable in a joint and 100% to surviving spouse form of annuity, which allows members to adjust the amount and longevity of the monthly benefit.

A retiring member eligible for normal service retirement with certain minimum combinations of years of service and age has the option to elect the Retroactive Deferred Retirement Option Plan (RETRO DROP), which will provide a lump-sum benefit and a reduced monthly benefit.

The benefit provisions of the Plan are authorized by the Act. The Act provides the authority and procedure to amend benefit provisions. There is no provision for automatic postretirement benefit increases. The Plan has the authority to provide for ad hoc postretirement benefit increases. Effective, October 1, 2014, the Plan was amended for a \$19 increase in monthly benefits and a minimum monthly benefit of \$1,022 for retired, disabled, vested terminated members, and surviving spouses.

*Members Covered by the Fund*

The membership consisted of the following as of December 31, 2024:

Retirees and beneficiaries currently receiving benefits	75
Inactive employees entitled to but not yet receiving benefits	1
Active employees	<u>76</u>
 Total	 <u><u>152</u></u>

*Funding Policy*

The contribution provisions of the Plan are authorized by the Act. The Act provides the authority and procedures to change the amount of contributions determined as a percentage of pay by each member and a percentage of payroll by the City.

While the contribution requirements are not actuarially determined, state law requires that each plan benefits adopted by the Plan must be approved by an eligible actuary. The actuary certifies that the contribution commitment by the members and the City provides an adequate financing arrangement. Using the entry age actuarial cost method, the plan's normal cost contribution rate is determined as a percentage of payroll.

The funding policy of the Texarkana Firemen's Relief and Retirement Fund requires contributions by the members at the rate elected by the members according to the Act. The City's contribution rate is determined annually by the City. Contributions were as follows for the year ended December 31, 2024:

	<u>Amount</u>	<u>Percentage</u>
Employer	\$ 1,061,777	19.5%
Members	735,077	13.5%

The costs of administering the plan are paid from the use of investment earnings.

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

---

*Net Pension Liability*

The Plan's net pension liability was measured as of December 31, 2024, and the total pension liability used to calculate the net pension liability was determined by a special study based on the actuarial valuation as of December 31, 2024. The components of the net pension liability of the employer were as follows on December 31, 2024:

Total pension liability	\$ 64,668,022
Plan fiduciary net position	<u>(42,297,909)</u>
City's net pension liability	<u>\$ 22,370,113</u>
Plan fiduciary net position as a percentage of the total pension liability	65.4%

*Actuarial Assumptions*

The total pension liability in the December 31, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Investment rate of return	7.25%, net of pension plan investment expense, including inflation
Administrative expense	1.80% of payroll
Salary increases	2.75%, plus promotion, step and longevity increases that vary by service
Inflation	2.75%

Mortality rates were based on the PubS-2010 (public safety) total dataset mortality tables for employees and for retirees (sex distinct), projected for mortality improvement generationally using the projection scale MP-2019.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocations (see the discussion of the pension plan's investment policy) are summarized in the following table as of December 31, 2024:

<b>Asset Class</b>	<b>Long-Term Expected Real Rate of Return</b>
Equities	
Large/all cap domestic	5.87%
Small/mid cap domestic	6.37%
International developed	6.37%
Emerging markets	7.87%
Specialty	
Income opportunity	3.87%
Total return	4.37%
Relative value arbitrage	1.87%
Fixed income	
Domestic core	1.37%
Domestic high yield	2.87%

*Discount Rate*

The discount rate used to measure the total pension liability was 5.68%. The projection of cash flows used to determine the discount rate assumed that the City contribution would equal to 19.50% of payroll and that member contributions would equal 13.50% of compensation. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments as the discount rate to determine the total pension liability.

*Sensitivity of the Net Pension Liability to Changes in the Discount Rate*

The following presents the net pension liability of the City of Texarkana, calculated using the discount rate of 5.68%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (4.68%) or 1-percentage-point higher (6.68%) than the current rate:

	<b>1% Decrease (4.68%)</b>	<b>Current Discount Rate (5.68%)</b>	<b>1% Increase (6.68%)</b>
City's net pension liability	\$ 30,655,959	\$ 22,370,113	\$ 15,560,178

*Plan Fiduciary Net Position*

The Plan fiduciary net position reported above is the same as reported by the Fund. Detailed information about the Plan fiduciary net position is available in the Plan's separately issued audited financial statements, which are reported using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. Member and employer contributions are recognized when due. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. Investment transactions are recorded as of the date a transaction is agreed upon and investment income, from interest and dividends, is recorded when earned or declared. All other expenses are recognized when incurred.

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

***Changes in the Net Pension Liability***

	<u>Total Pension Liability</u>	<u>Plan Fiduciary Net Position</u>	<u>Net Pension Liability</u>

***Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

For the year ended September 30, 2025, the City's GASB 68 pension expense was \$4,009,098. Amounts recognized in the fiscal year represent changes between the current and prior measurement dates. The components of pension expense are as follows for the fiscal year ended September 30, 2025:

Service cost	\$ 1,826,084
Interest	3,478,534
Member contributions	(735,077)
Projected earnings on pension plan investments	(2,859,496)
Amortization of differences between projected and actual earnings on plan investments	342,077
Amortization of changes of assumptions	1,961,783
Amortization of differences between expected and actual experience	(102,627)
Pension plan administrative expenses	<u>97,820</u>
Total pension expense	<u>\$ 4,009,098</u>

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

The City reported deferred outflows of resources related to the Fire Pension Plan from the following sources at September 30, 2025:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Net difference between projected and actual earnings on pension plan investments	\$ 1,468,170	\$ -
Changes of assumptions	10,460,751	2,418,813
Differences between expected and actual experience	291,490	220,359
Contributions made after December 31, 2024 but before September 30, 2025	-	-
	<u>842,198</u>	<u>-</u>
Total	<u>\$ 13,062,609</u>	<u>\$ 2,639,172</u>

The amount reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ending September 30, 2026. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<b>Year Ended September 30</b>	<b>Deferred Outflows (Inflows) of Resources</b>
2026	\$ 2,768,322
2027	3,000,364
2028	1,259,782
2029	1,565,800
2030	1,324,189
Thereafter	<u>(337,218)</u>
Total	<u>\$ 9,581,239</u>

**Note 13. Other Postemployment Healthcare Benefits**

Postemployment medical and dental benefits (OPEB) are provided to eligible retirees, their spouses and dependents through the City's self-insured health plan. The City and Texarkana Water Utilities both provide these postemployment benefits through single-employer defined benefit OPEB plans. Each plan has a separate actuarial valuation and are reported separately in the following disclosures. For each plan, no assets are accumulated in a trust that meet the criteria of GASB Statement No. 75.

**City OPEB Plan**

**Benefits Provided**

Employees hired before January 1, 2010 are eligible to receive a lump-sum payment for up to 720 sick leave hours upon retirement. Fire operations are eligible to receive a lump-sum payment for up to 1,080 sick leave hours. These employees are also eligible to receive the dollar value of up to 720 sick leave hours, or up to 1,080 sick leave hours for Fire Operations, placed into an account for retiree health and/or dental coverage premium payments. The account balance can only be used to replace the premiums the participant would have paid for retiree medical and/or dental insurance coverage provided by the City. The participant must elect retiree insurance coverage immediately upon retirement and any election decision shall not be deferred for any reason. All age and tenure requirements must comply with pension guidelines of the Texas Municipal Retirement System or the Texarkana Firemen’s Relief and Retirement Fund at the time of retirement to qualify for this program.

Employees hired on or after January 1, 2010 are eligible to receive a lump-sum payment for up to 720 sick leave hours. Fire operations are eligible to receive a lump-sum payment for up to 1,080 sick leave hours. These employees have the option to receive a lump sum payment for sick leave hours or to have the dollar value of sick leave hours deposited in an account for use by the retiree to purchase retiree health and/or dental coverage provided by the City, but not both. The participant must elect retiree insurance coverage immediately upon retirement and any election decision shall not be deferred for any reason. All age and tenure requirements must comply with pension guidelines at the time of retirement to qualify for this program.

At the October 1, 2023 valuation date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	9
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	<u>326</u>
Total	<u><u>335</u></u>

**Contributions**

Benefit levels and contribution rates are approved annually by City management and the City Council as part of the budget process. The City does not make advance funding contributions but instead operates under a pay-as-you-go method. Therefore, the plan is not accounted for as a trust fund and does not issue a separate financial report.

**Total OPEB Liability and Actuarial Assumptions**

The City’s total OPEB liability was measured as of September 30, 2025 and was determined by an actuarial valuation as of October 1, 2023, using the following actuarial assumptions:

Inflation	2.50% per annum
Salary inflation	2.00% per annum
Discount rate	4.90% per annum, which includes inflation (prior year was 4.06%)
Healthcare cost trend rates	6.21% initial medical trend rate for retirees decreasing to an ultimate rate of 4.14% in the year 2041

Mortality rates were updated and are based upon the RP-2014h sex distinct mortality improvement table with generational mortality improvement scale MP-2021

**CHANGES IN NET OPEB LIABILITY**

	<u>Total OPEB Liability</u>
Balance at September 30, 2024	\$ 15,490,595
Changes for the year	
Service cost	658,124
Interest	788,600
Difference in expected and actual experience	(1,216,084)
Benefit payments	<u>(109,682)</u>
Net changes	<u>120,958</u>
Balance at September 30, 2025	<u>\$ 15,611,553</u>

***Sensitivity of the Total OPEB Liability to Changes in the Discount Rate***

The following presents the total OPEB liability of the City calculated using the discount rate of 4.90%, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1% lower (3.90%) or 1% higher (5.90%) than the current rate. This is also calculated using healthcare cost trend rates.

<b>Discount Rate Sensitivity</b>		
<u>1% Decrease 3.90%</u>	<u>Discount Rate 4.90%</u>	<u>1% Increase 5.90%</u>
\$ 17,217,697	\$ 15,611,553	\$ 14,152,529
<b>Healthcare Cost Trend Rate</b>		
<u>1% Decrease 5.21%</u>	<u>Discount Rate 6.21%</u>	<u>1% Increase 7.21%</u>
\$ 13,568,791	\$ 15,611,553	\$ 18,045,682

***OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB***

For the year ended September 30, 2025, the City recognized the OPEB expense of \$847,327.

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

The City had deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources at September 30, 2025:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 288,699	\$ 1,037,438
Changes of assumptions	<u>642,638</u>	<u>3,586,817</u>
Total	<u>\$ 931,337</u>	<u>\$ 4,624,255</u>

The amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<b>Measurement Year September 30</b>	<b>Deferred Outflows/(Inflows) of Resources</b>
2026	\$ (631,046)
2027	(631,048)
2028	(874,741)
2029	(812,006)
2030	(305,108)
Thereafter	<u>(438,969)</u>
	<u>\$ (3,692,918)</u>

**TWU OPEB Plan**

**Benefits Provided**

In addition to the retirement benefits described above, eligible employees hired before January 1, 2010 receive upon retirement 1) a lump-sum payment of their sick leave balance at retirement which is equal to their sick leave hours (limited to 720 hours for non-Civil Service) valued at the employee's current hourly pay rate and 2) an additional amount equal to their sick leave balance used to pay future monthly healthcare contributions.

Since the sick leave balance can only be used for healthcare, it is required to be included as another postemployment benefit (OPEB).

Upon retirement, eligible employees hired after January 1, 2010 may choose either a lump-sum payment of up to 720 hours of sick leave at their current rate of pay or an equivalent amount to be used to pay future monthly healthcare contributions. Once retirees participating in postemployment healthcare benefits reach sufficient age to become Medicare eligible, they can no longer remain on the insurance, but if they enroll in Medicare, their Medicare supplement premiums can then be paid from any remaining sick leave buyout balance. Eligible employees who retire at Medicare eligible age cannot remain on the employer insurance, but their Medicare supplement premiums can be paid from their sick leave buyout balance.

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

---

Eligible employees who choose to remain on the employer insurance are allowed to continue any coverage they may have at retirement, which includes self, spouse, children, and family coverage options, but those coverage options cannot be added post retirement.

At the October 1, 2024 valuation date, the following employees were covered by the benefit terms:

Actives	175
Retirees	<u>6</u>
Total	<u><u>181</u></u>

**Contributions**

Benefit levels and contribution rates are approved annually by City management and the City Council as part of the budget process. The Utility does not make advance funding contributions but instead operates under a pay-as-you-go method. Therefore, the plan is not accounted for as a trust fund and does not issue a separate financial report.

**Total OPEB Liability**

The Utility's Total OPEB Liability was measured as of September 30, 2025 and was determined by an actuarial valuation as of October 1, 2024.

**Actuarial Methods and Assumptions**

The actuarial cost method used for determining the benefit obligations is the Entry Age Normal Cost Method. Under this method, a projected retirement benefit at assumed retirement age is computed for each participant using anticipated future pay increases. The normal cost for each participant is computed as the level percentage of pay which, if paid from each participant's date of employment by the employer or any predecessor employer (thus, entry age) to his assumed retirement date, would accumulate with interest at the rate assumed in the valuation to an amount sufficient to fund his projected retirement benefit. The normal cost for the plan is the total of the individually computed normal costs for all participants including the costs for any death or disability benefits under the plan.

The accrued liability at any point in time for an active participant is the theoretical fund that would have been accumulated on his behalf from his normal cost payments and the earnings thereon for all prior years if the plan had always been in effect. For persons receiving benefits or entitled to a deferred vested retirement income the accrued liability cost is equal to the present value of their future benefit payments. The accrued liability for the plan is the total of the individually computed accrued liability for all participants. The unfunded accrued liability for the plan is the excess of the accrued liability over the assets which have been accumulated for the plan.

It should be noted that the accrued liability as of any date is not the actuarially computed present value of accrued or accumulated benefits as of that date. The accrued liability is the portion of the ultimate cost assigned to prior years by the cost method being used.

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

Valuation Date	October 1, 2024
Measurement Date	September 30, 2025
Discount Rate for Valuing Liabilities	4.90% per annum
Mortality Rates	Non-Annuitants: Sex-distinct headcount-weighted 2010 PUB mortality table for general employees with mortality improvement scale MP-2021 Annuitants: Sex-distinct headcount-weighted 2010 PUB mortality table for general retirees with mortality improvement scale MP-2021
Assumed Sick Leave Balance	For current retirees, actual account balances were collected as of October 1, 2024. For current employees, accrued sick leave at retirement was multiplied by their projected rate of pay at retirement to get the estimated balance of funds TWU would spend on behalf of eligible retirees for retiree healthcare premiums. Accrued sick leave at retirement: Current sick leave hours as of October 1, 2024, were projected forward assuming each employee accrues 81.6 hours per year until retirement (with a maximum balance of 720 hours). Projected rate of pay at retirement: Annual salary as of October 1, 2024 is projected to retirement using the salary scale assumptions and divided by 2,080 hours.
Disability rates	None
Payroll Increase	3.00%, per annum
Participation Rate Assumption	100% of those with an accrued balance at retirement are assumed to elect medical coverage, and 25% of retirees are assumed to cover their spouse.

**CHANGES IN NET OPEB LIABILITY**

	<b>\$ (273,811)</b>

**City of Texarkana, Texas**  
**Notes to Financial Statements**  
**September 30, 2025**

**Note 14. Deferred Compensation Plan**

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The City’s plan was amended effective January 1, 1997 to provide that all assets and income of the plan are held in trust for the exclusive benefit of the participants and their beneficiaries.

The City has delegated administrative and investment responsibilities to a third-party administrator, Mission Square, and as such, the plan assets do not meet the requirements for inclusion in the City’s financial statements at September 30, 2025.

**Note 15. Classification of Governmental Fund Balances**

The table below presents a summary of the September 30, 2025 governmental fund balances by fund type and specific purpose. With the exception of nonspendable fund balances, fund balance is presented based on specific purpose. For the general fund, special revenue funds, debt service fund, and capital projects funds, the specific purpose of the fund balance is determined by the governmental function for which the funds are restricted, committed, assigned, or unassigned.

	General	Debt Service	CDBG 108 Loan	2022 Bond	2023 Bond	Nonmajor Governmental Funds	Total Governmental Funds
Fund balances:

**Note 16. Tax Abatements**

The City Council authorized Resolution 2018-064 and entered into a contract on June 11, 2018 to fund a rebate not to exceed \$615,000 of a portion of ad valorem taxes for property and a portion of the sales taxes paid by a local automobile dealership and collected by the City derived from the new business facilities to be constructed at the specified location for a term not to exceed 10 years. Approximately \$23,383 of ad valorem taxes was abated for the fiscal year ended September 30, 2025.

The City Council entered into a contract on February 12, 2021 to fund a rebate not to exceed 75% of the City's portion of the paid ad valorem taxes for the development of a mini warehouse and a boat/RV storage facility located at Airline and Richmond Road in Texarkana, Bowie County, Texas, with the potential for additional phases of development in the future. Approximately \$23,140 of ad valorem taxes was abated for the fiscal year ended September 30, 2025.

## **Note 17. Contingent Liabilities**

### ***Litigation***

The City is a party to several legal actions arising in the ordinary course of its business. In the opinion of the City's management, upon advice of the City Attorney, the City has adequate legal defense and/or insurance coverage regarding each of these actions and does not believe that they will materially affect the City's operations or financial position.

## **Note 18. Subsequent Pronouncements**

The Governmental Accounting Standards Board recently issued the following statements not yet implemented by the City of Texarkana, Texas. The statements that might impact the City are as follows:

### ***GASB Statement No. 103 – Financial Reporting Model Improvements***

The objective of GASB Statement No. 103, *Financial Reporting Model Improvements*, is improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues.

GASB 103 is effective for the City's fiscal year 2026.

### ***GASB Statement No. 104 – Disclosure of Certain Capital Assets***

The objective of GASB Statement No. 104, *Disclosure of Certain Capital Assets*, is to provide users of the financial statements with essential information about certain types of capital assets.

GASB 104 is effective for the City's fiscal year 2026.

### ***GASB Statement No. 105 – Subsequent Events***

The objective of GASB Statement No. 105, *Subsequent Events*, is to enhance consistency in the application of requirements for subsequent events.

GASB 105 is effective for the City's fiscal year 2027.

## **Note 19. Subsequent Events**

In preparing these financial statements, management of the City of Texarkana, Texas has evaluated events and transactions for potential recognition or disclosure through March 27, 2026, the date the financial statements were available to be issued.

***NOTES TO SCHEDULE OF CONTRIBUTIONS***

**Valuation Date:**

Notes

Actuarially determined contribution rates are calculated as of December 31 and become effective in January 13 months later.

**Methods and Assumptions Used to Determine Contribution Rates:**

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	20 years
Asset Valuation Method	10-year smoothed market; 12% soft corridor
Inflation	2.50%
Salary Increases	3.60% to 11.85% including inflation
Investment Rate of Return	6.75%
Retirement Age	Experience-based table of rates that are specific to the City's plan of benefits. Last updated for the 2023 valuation pursuant to an experience study of the period 2022

**Mortality**

Postretirement: 2019 Municipal Retirees of Texas Mortality Tables. Male rates are multiplied by 103%, and female rates are multiplied by 105%. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence).  
 Pre-retirement: PUB (10) mortality tables, with the 110% of the Public Safety table used for males and the 100% of the General Employee table used for females. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence).

**Other Information:**

Notes

There were no benefit changes during the year.

This OPEB schedule is intended to present information for 10 years. Additional information will be displayed as it becomes available.

No amounts are accumulated in a trust that meets the criteria in paragraph 4 of GASB 75 to pay related benefits.

**Assumption changes were as follows:** The discount rate changed from 4.06% to 4.90% for 2025.

## Nonmajor Governmental Funds

### Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

**Community Development Block Grant Fund** – This fund was established to account for the receipts and disbursements of Department of Housing and Urban Development Community Development Block Grant Funds.

**HOME Fund** – This fund was established to account for the repayment of loans originally funded through the HOME Program.

**Theatre Fund** – This fund was established to account to the operations of the Perot Theatre.

**Hotel Occupancy Tax Fund** – This fund was established to account for the collection and distribution of hotel/motel taxes.

**Housing Fund** – This fund was established to account for the repayment of loans which are funded with non-federal, local funds under the Home Ownership Assistance Program guidelines.

**Economic Development** – This fund was established to account for additional franchise tax revenue restricted for economic development activity.

**Law Enforcement Block Grant** – This fund was established to account for the activity related to the Law Enforcement Block Grant, Weed and Seed Grant, and Asset Forfeiture Program.

**Law Enforcement Programs Fund** – This fund was established to account for the activity related to the Tobacco Compliance Grant and the Law Enforcement Officer Standards and Education (LEOSE) allocations.

**Donations Fund** – This fund includes grant awards and donations given for community projects through the Texarkana, Texas Planning & Community Development Department. Programs funded from these grant awards and donations include: Believe in Beverly Campaign, City-Wide Cleanups, and the Texarkana Arts & Historic District.

**TIRZ #1 Fund** – This fund was created to help finance the cost of public improvements needed to promote developing or redeveloping a specific geographic area that would otherwise not attract significant private investment “but for” the Zone.

**TIRZ #2 Fund** – This fund was created to help finance the cost of public improvements needed to promote development or redeveloping a specific geographic area that would otherwise not attract significant private investment “but for” the Zone.

**Public Safety Radio Fund** – The City has purchased a P25 public safety communications system, which is linked to what will eventually be a statewide communications network. The local system will provide communications capabilities for law enforcement, fire fighters, and public works for both sides of the City as well as numerous agencies with Bowie County. The system allows for interoperability between the various agencies in times of critical events. Ongoing maintenance and upgrades of the system are crucial. To fund this ongoing cost, a monthly fee will be assessed for each radio operating on the system and placed into this account. The funds that are collected via the fees will be used for system maintenance.

**COC Homeless Assistance Grant Fund** – This fund was established by the City of Texarkana, Texas in the partnership with the Texarkana Friendship Center, Inc. and the Randy Sam’s Outreach Shelter to administer a comprehensive rapid-rehousing program for the homeless. This program serves 50 homeless clients per year, as well as their immediate family members all of whom will be housed in scatter site housing.

**EPA Revolving Loan Fund** – This fund was established to account for fund related to the EPA Revolving Loan grant. This program enables the City to make sub grants and loans to developers seeking to redevelop contaminated properties in targeted areas of the community. Loan and grant funds may be used for clean-up activities at approved redevelopment sites.

**TIFMAS Grant Fund** – The Fire Department is a participant in the Texas Intrastate Mutual Aid System (TIFMAS), which is a system made up of departments that are willing to share resources on a statewide level when a jurisdiction’s response capability is overwhelmed. When incidents occur, resources are requested to deploy from various divisions across the state. The participants of TIFMAS then deploy with city-owned equipment. All costs associated with deployments are reimbursed by the State of Texas. This program captures 50% of the reimbursement for the use of city-owned vehicles during TIFMAS deployments. The funds are then used by the Fire Department to purchase needed equipment that could not be acquired within the normal operating budget.

**Farmers Market Fund** – This fund was established to account for funds related to the USDA Farmers Market Promotion Program. These funds are used to promote growth and expansion of the Farmers Market with cultural foods and events, an expanded mobile market and online ordering system, and advertising for all market activities.

**Community Development Fund** – This fund was established to provide resources to promote an economic future and better quality of life for targeted areas within the City of Texarkana through the oversight of the Community Development Corporation. The focus of this fund is to provide demolition of substandard properties, physical revitalization, community involvement through neighborhood associations, affordable housing programs, and other social programs to promote community development within the City of Texarkana.

**Industrial Development Corporation Fund** – This fund was established to account for the revenues and expenditures associated with the Industrial Development Corporation. Created under the authority of the *Industrial Development Corporation Act of 1979*, the Industrial Development Corporation (IDC) is established to promote economic development in Texarkana, Texas.

**Assembly Line Fund** – The City of Texarkana was awarded a \$2,000,000 grant from T.L.L. Temple Foundation to support three strategic economic and community initiatives: The Assembly Line – Creator Space, REDI Set Move – Texarkana, and Pitch It Texarkana. This funding will be used to stimulate entrepreneurship, attract and retain remote workers and residents, enhance workforce and leadership development, and foster long-term regional economic impact.

**Court Security and Technology Fund** – This fund accounts for the consolidation of court security and court technology fees as approved under House Bill 1950. The consolidated fund can be used for the same purposes as the separate accounts: enhancing court security and upgrading court technology.

**Department of Justice COVID-19 Grant Fund** – This fund was established to account for supplemental funding from the Department of Justice to assist eligible states, local units of government, and tribes in preventing, preparing for, and responding to the coronavirus.

**Narcotics Division Operations Fund** – This fund was established to account for assets legally seized and judiciously forfeited as gains of illegal and unlawful activities.

**Court Security Fund** – This fund was established to account for the security fee authorized under the Texas Code of Criminal Procedure Article 102.017 collected from defendants convicted of a misdemeanor offense as a cost of court.

**Conservation Revolving Loan Fund** – This fund was established with funds provided by the Department of Energy under the Energy Efficiency and Conservation Block Grant Program as an investment source for energy efficiency and conservation projects.

**Court Technology Fund** – This fund was established to account for the technology fee authorized under the Texas Code of Criminal Procedure Article 102.017 collected from defendants convicted of a misdemeanor offense as a cost of court.

**Federal Asset Forfeiture Fund** – This fund was established to collect the City's portion of case settlements worked jointly with federal authorities.

**TCA Grant Fund** – Texas Commission on the Arts with funding from the National Endowment for the Arts provided an opportunity for cultural districts in the state of Texas to apply for funding with the Texas Rescue Funding Grant limited to around \$2,400 per award. The Texarkana Arts and Historic District was one of the cultural districts chosen for funding in the state of Texas, with an award amount of \$22,367.

**TACF Grant Fund** – Funding from the Texarkana Area Community Foundation for emergency small business loans.

**EPA Revolving Loan Grant Fund** – The Revolving Loan fund program enables the City to make subgrants and loans to developers seeking to redevelop contaminated properties in targeted areas of the community. Loan and grant funds may be used for clean-up activities at approved redevelopment sites.

**Union Station Fund** – Funds used for the redevelopment of the Texarkana Union Station.

**EPA Job Training Grant Fund** – Funding under the *Infrastructure Investment and Jobs Act* to conduct eligible technical assistance-related activities as authorized by CERLA 104(k)(7). To recruit, train, and place unemployed and underemployed residents of the City of Texarkana, Texas in environmental careers with skills needed to safely conduct remediation work at solid and hazardous waste contaminated sites, as well as appropriate training in green remediation technologies, stormwater management, emergency planning, and chemical safety.

**Opioid Settlement Fund** – Texas, along with a broad coalition of states and subdivisions, reached an agreement with 11 companies to resolve legal claims for their role in the opioid crisis. This fund was established to collect the portion of the settlement claims received by Texarkana, Texas.

**SECO Grant Fund** – Funding from the State Energy Conservation Office (SECO) to reduce utility costs and maximize efficiency.

### Capital Project Funds

Capital Projects Funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

**2017 Bond Fund** – This fund was established to accumulate bond proceeds and allocate project expenditures as presented in the bond issuance.

**2019 TIRZ Bond Fund** – This fund was established to account for individual projects associated with the issuance of 2019 bonded debt.

**2024 Tax Notes** – This fund was established to account for individual projects associated with the issuance of 2024 tax notes.

**City of Texarkana, Texas**  
**Combining Balance Sheet – Nonmajor Governmental Funds**

## Nonmajor Enterprise Funds

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises in that the costs of providing goods and services to the general public on a continuing basis are recovered primarily through user charges. The City's enterprise funds are established to account for the financing of water and sewer services to the public, other municipalities, and industrial customers. All activities necessary to provide these services are included in these funds.

**Lake Texarkana Water Supply Corporation** – This fund is used to account for the financing and operation of the water distribution system from Lake Wright Patman of the City of Texarkana and other “Member Cities” and wholesale customers located in Bowie and Red River counties. The operations of this fund are combined with the Texas Water Utilities for reporting purposes and all inter-fund accounts are eliminated in the combination.

**Graphic Packaging International** – This fund is used to account for the financing and operations of the water system which provides treated water from Lake Wright Patman to the International Paper Company paper mill.

**City of Texarkana, Texas**

## Internal Service Funds

Internal Service Funds are used to account for the financing of goods or services by one department or agency to other departments or agencies of the government and to other governments, on a cost-reimbursement basis.

**Employee Benefit Fund** – This fund is used to account for the contributions received from various other City funds and employees to pay medical benefits and life insurance premiums for covered City employees. Payments are made to a paying agent who determines coverage on claims submitted by employees.

**Fleet Services Fund** – This fund is used to account for the repair and maintenance on all vehicles and equipment by the City, excluding the Water Utilities.

## Fiduciary Funds

Fiduciary Funds are established to account for assets held by the City in a trustee capacity, or as an agent for individuals, other governmental units, and/or other funds.

### Custodial Funds

**Police Evidence Fund** – This fund is used to account for evidence money seized by the Police Department. This money is held until disposition is directed by the courts.

**Drug Enforcement Fund** – This fund is used to account for evidence money seized by the Police Department, primarily in drug-related cases. This money is held until disposition is directed by the courts.

**Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of**  
**the Discretely Presented Component Unit to the Statement of Activities – Component Unit –**  
**Health Center**  
**Year Ended September 30, 2025**

---

Amounts reported for the discretely presented component unit in the statement of activities are different because

Net change in fund balances – total discretely presented component unit	\$ 70,105
---	-----------

Governmental discretely presented component units report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the effect of those differences reported at the fund level.

<u>(47,140)</u>
-----------------

Change in net position of governmental discretely presented component unit	<u><u>\$ 22,965</u></u>
--	-------------------------

## Statistical Section

This part of the City of Texarkana, Texas' annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information say about the City's overall financial health. Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

**Financial Trends** – Schedule 1 through Schedule 6 – These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

**Revenue Capacity** – Schedule 7 through Schedule 14 – These schedules contain information to help the reader assess the City's most significant local revenue sources, including property taxes and water and sewer revenue.

**Debt Capacity** – Schedule 15 through Schedule 19 – These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

**Demographic and Economic Information** – Schedule 20 through Schedule 21 – These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

**Operating Information** – Schedule 22 through Schedule 24 – These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Total direct and overlapping			<u><u>\$ 258,276,838</u></u>
Per capita overlapping debt			<u><u>\$ 7,175</u></u>

Source – City and County tax records

Note - Overlapping governments are those that coincide, at least in part, with geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the property taxpayers of the City of Texarkana, Texas. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by property taxpayers should be taken into account. However, this does not imply that every taxpayer is a resident and, therefore, responsible for repaying the debt of each overlapping government.
