Great things happen when residents Recycle Right®. By recycling everyday items like those shown below, tons of raw materials, time, energy and money are saved.

- Empty recyclables loose into your cart - don't bag recyclables and no loose plastic bags. Instead, reuse or return plastic bags to local retailers.
- Containers should be empty and free from food and liquid.

Important Information Inside  
 about your residential Trash, Recycling,  
 and Monthly Bulk services

### Dear City of Texarkana Resident:

WM is proud to be your environmental solutions provider. Our curbside collection program features automated collection with your current WM carts for trash and recycling.

We look forward to helping the City of Texarkana stay clean and green.

### NEW Automated Trash and Recycling Collection

WM will begin using automated collection trucks for waste and recycling May 1. These trucks use technology to create safer and more efficient collection for residents and drivers. Beginning May 1, all waste and recyclables must be placed in your current waste or recycling cart and taken to the curb for pickup.

### Trash and Recycling Service Guidelines

- **Trash and recycling are collected once per week.**
- The carts provided by WM must be used for trash and recycling collection to ensure the automatic lifting arms properly empty your carts.

- Please bag your trash before placing in the trash cart to prevent blowing of loose trash. Make sure all materials fit in the cart with the lid firmly closed.
- Empty your recyclables directly into your recycling cart – don't bag your recyclables and no loose plastic bags.
- Place your carts at the curb by 7 a.m. the day of your pickup.

### Proper Cart Placement

To ensure that the truck's automatic arms can lift the carts, please make sure your carts are at least 3 feet apart and away from other objects like parked cars, mailboxes and trees.

- The cart should face the street with the wheels and handle of the cart facing your house.
